Von Caitlin Kittredge : Pure Blood: A Nocturne City Novel before purchasing it in order to gage whether or not it would be worth my time, and all praised Pure Blood: A Nocturne City Novel:

KundenrezensionenHilfreichste Kundenrezensionen6 von 6 Kunden fanden die folgende Rezension hilfreich. Part 2 of the Nocturne City-seriesVon S. FischerThis book is set in an America where werewolves, witches and the like openly

exist, but are not always well tolerated by humans. After the injuries werewolf police detective Luna Wilder incurred in the first of the series, 'Night Life', when battling the blood witches who tried to summon a demon, she is just back on the force when a war between two powerful witch families starts. Her partner - who is from one of the witch families involved - and her new boss - who is prejudiced against her for being a werewolf - are less than happy with the fact that she wants to go against these people, so things are pretty difficult when it comes to her job. And the werewolf she loves, Dmitri, is being forced by his pack leaders to stay away from Luna - and she from him. And they have no problem whatsoever with killing her if she doesn't comply. Luna, however, not only loves Dmitri, but is also in desperate need of his help if she is to survive the witch feud... Like 'Night Life' this is a dark urban fantasy with interesting characters and a suspenseful and entertaining plot. I felt that the book was even better than the first in the series, almost perfect. My only complaint is that Luna in many ways doesn't learn from her mistakes and does things that are simply not convincing from a policewoman, even if she's an outsider. A glaring example would be when she takes the only existing piece of evidence against one of the witches and takes it directly to him, knowing he is much more powerful than her. He promptly destroys it and she almost dies. Too stupid to live, anyone? Apart from that it's a great book and I look forward to reading more books about Luna and Dmitri.

Kurzbeschreibung In the shadows of Nocturne City, witches lurk and demons prowl, and homicide detective Luna Wilder must keep the peace while living life as a werewolf. Now bodies are turning up all over town, the brutal murders linked by a cryptic message: We see with empty eyes To make matters worse for Luna, she can't get wolfishly handsome Dmitri Sandovsky out of her mind. The last time he helped her with a case, Dmitri suffered a demon bite that infected him with a mysterious illness and now his pack elders have forbidden him from associating with Luna. But she'll need his help when high-level witches start turning up slaughtered. Because a war is brewing between rival clans of blood witches and caster witches a magical gang war with the power to burn Nocturne City to the ground. **Pressestimmen** Pure Blood pounds along hard on the heels of Night Life, and is every bit as much fun as the first in the series. With a gutsy, likable protagonist and a well-made fantasy world, Pure Blood is real enough to make you think twice about locking your doors at night. A swiftly-paced plot, a growing cast of solid supporting characters, and a lead character you can actually care about--Kittredge is a winner. **Jim Butcher** Dark and cutting edge **Romantic Times** I loved the mystery and the smart, gutsy heroine. **Karen Chance** Hot, hip, and fast-paced I couldn't put it down **Lilith Saintcrow** **Kurzbeschreibung** In the shadows of Nocturne City, witches lurk and demons prowl, and homicide detective Luna Wilder must keep the peace while living life as a werewolf.
