**Von Janelle Denison : Pure Indulgence (Heat)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Pure Indulgence (Heat):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. loved it!!!!!!Von Ein KundeIt's one of the great Blaze books where the characters DO actually start to like each other and you see it happening before your eyes. It's not lusty hormones on the rampage (but there are great scenes in the book!!!!). Kayla's got real issues about her figure and weight (almost too extreme!) but Jack comes off realistic in what he wants and why he wants a relationship with a woman at this time in his life... wish it was longer... I'd love to read about this characters later in other books, maybe in Jack's best friend's story or in Kayla's sister's story.... you'll

love the characters....

Kurzbeschreibung Kayla Thomas is counting on her latest idea to clinch the success of her bakery aphrodisiac chocolates! But first she needs an unsuspecting test subject to ensure the candy is as stimulating as she hopes. So when yummy restaurant owner Jack Tremaine steps into her shop, she decides he's just the man she needs. And if Kayla just happens to be around when Jack needs to let loose some lustwell, it's all in the name of science, right? Jack is more than happy to sample anything Kayla's offering. The chocolates are good, but he has the feeling sex with Kayla will be absolutely delicious! Although he wants to convince her to add her delectable desserts to his dinner menu, it's suddenly more important for Jack to satisfy his hunger for the shapely chef. He simply has to kiss the cook and he has no intention of stopping there.
