THIS SIZZLES!Von Ein KundeIn Coopersville, Arizona Tess Blakely worries about her credibility as a counselor to most likely sexually experienced high school girls in New York City. At twenty-six, Tess remains a virgin mostly due to the

rough antics of her four big brothers. However, this summer she has a project to lose her virginity. She starts by borrowing "How To" manuals from the Phoenix public library system. Tess turns to her best friend Jeremiah "Mac" MacDougal for assistance in locating the right candidate for the job without her siblings finding out what she plans to do. Desperately wanting to refuse to help her, Mac knows that when Tess sets up a summer project, she goes ahead and completes it. Mac cannot live with Tess having sex with anyone but himself. They share a sexual experience, begin to fall for one another, but realize they can never go back to being just buddies. However, a permanent relationship seems even more remote because he is an Arizona rancher and she is a New York counselor. The pages of PURE TEMPTATION blaze like a wildfire as Vicki Lewis Thompson scribes a hot romance. The story line is exhilarating (keep your significant other handy - pun intended) as the lead couple heat up the sheets. Though graphic at times, fans of Venus-hot contemporary romances will take much pleasure from Ms. Thompson's torrid tale. Harriet Klausner0 von 0 Kunden fanden die folgende Rezension hilfreich. Totally SensualVon Ein KundeOnce I started reading this book, I COULD NOT put it down! I had to know how Mac would react to Tess' request to help her find someone to "deflower" her. When Mac decided it should be him, I realized I would then have to continue reading to find out how they would deal with this change in their long time friendship. This book was both sweet and sensual. IT IS A MUST READ! This is definitely a keeper! I immediately fell in love with the characters and found Tess' 4 over protective brothers to be a great twist in this story, especially since it hit so close to home. I commend Ms. Lewis on writing a great book and hope she continues to give us more books like this. All of these characters are unforgettable. I'm already searching the web for more books by Ms. Lewis!0 von 0 Kunden fanden die folgende Rezension hilfreich. Very sexy, extremely emotionally intense read!Von Ein KundeThis is a fabulous book. I hope it wins the RITA for short contemporary romance. It is one of the best short contemporaries I've read this year, and definitely the *best* BLAZE I've read, and many of them have been *very* good. I agree with what the other people above said, very HOT, and I love a hot read. The premise for the conflict is very believable, and I personally love a "friends become lovers" plot. I also felt the small town theme was extremely well done. I, too, am now looking for more of VLT's books! :)
