This is the second book in the Novel Series, I liked this book even more, it has so many twist and

turns, couldn't put it down. A thriller/suspense novel as it is a story of romance. Very well written and never dull or boring. Most definitely keeps your attention until the very last page. This was my first Jeff Joseph book, but not my last.

Then just as you know for the first time ever where your life is headed and why, that perfect love disappears, like a wisp of smoke from an errant spark. Now imagine that after months of feeling sorry for yourself you suddenly find a reason to live again, love again, and decide to pursue your lost love no matter where it may take you or how much danger it might bring upon you. In that pursuit you uncover secrets, old and dark secrets, that are intent on making certain you not only fail, but that you perish from the face of the earth. You will be tested. Will you pass the test? Kurzbeschreibung Imagine finding love when it is least expected, and being so caught up in it that it entirely changes the direction of your life.
