A moving adult fairy taleVon Ein KundeThirty-something Clementine Hope inherits her recently deceased Aunt Elvira's cottage in Aldingham, England. Clementine, who recently divorced, is a classic worrier who wonders about the essence of people and things and is always concerned that her world may fall apart. Clementine will do anything not to

upset the balance of nature, God, or even the shopkeepers because she simply worries about and for them. In Aldringham, Clementine, accompanied by her sister, finds their aunt's unfinished fairy tale collection. Clementine begins to work on completing the project. However, even as she falls in love (and worries about her future relationship), Clementine concludes that a new resident is the person responsible for a rash of robberies afflicting the town. When she acts on her compulsive anxieties, Clementine places herself in danger. She must come to grips on her dark impulses or lose everything because there is no hero waiting to save the "Pauline" from her perils. THE PURVEYOR OF ENCHANTMENT is the third novel by Marika Cobbold, who writes books so good, she seems like a ten year veteran. Her latest book mixes a well written fairy tale with some acute carnal humor. The characters are fun to read about, especially Clementine who sees the world as if Murphy was an optimist (think Mel Brooks in HIGH ANXIETY but enormously worse). The so-called hero is capricious in love and just not there to save his beloved. In fact, Clementine needs to be there for him. This fairy tale role reversal (more like real life) turns the story line into a brisk and spectacular reading occurrence. Harriet Klausner 0 von 0 Kunden fanden die folgende Rezension hilfreich. Moving, Sensational, The Best Book That I Have Ever Read!! Von Ein Kunde I am younger than probably most of the people are that are going to be reading this, I'm still only a young teenager, but I thoroughly enjoyed this book to an extent that I can't even express it in words. This book is about a woman, around ehr 30s, and her name is Clementine, and she spends her worthless life worrying about everything else but herself, which is what makes it so worthless. I practically fell in love with Clementine's guy and this made me love the book even more. Everything in the book brings you into it and while I read it I felt like I was actually living there in Aldringham along with the rest in that house that once belonged to Aunt Elvira. I don't want to tell you everything about the book b/c I want you to read it yourself, but all I can say is that this is a must-read...it is almost a modern fairy tale in itself and I was so intrigued with it that I am looking for the rest of her books. I hope you actually do read this book and enjoy it while you do b/c in my opinion, this is the best book in the world that i have experienced and I certainly soaked it all up!! 0 von 0 Kunden fanden die folgende Rezension hilfreich. Witty and compelling Von Ein Kunde A lovely witty, warm book, with a sympathetically "ordinary" heroine, plump, insecure, trying-too-hard. I read it in one sitting and wanted more at the end.

Kurzbeschreibung 'A life lived in fear is a life half lived,' Clementine Hope's sister, Ophelia, is fond of quoting to her. Clementine, thirty-something and newly divorced, lives in a small Hampshire town, teaching music and working on a collection of fairy tales left to her by her Great Aunt Elvira. But mostly she worries. She worries about the rising crime rate. She worries about disease and illness, about offending God and, in the rare moments when she is at peace with Him, about upsetting the man in the carpet shop or Mrs Challis who runs the caf where she meets with her friend Jessica. Clementine enjoys as little of the life around her as any Sleeping Beauty. Just as she thinks she has found love with Nathaniel Scott, the son of her next-door neighbour, her fears cause her to lose him. Then, at a moment of a real crisis, Clementine sees the destructive quality of her life and resolves to change and make amends. To do so she must turn from victim to heroine, slay her personal dragon of fears and phobias, and rescue her own Prince Charming.
