**Von Alisa Valdes : PUTA (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised PUTA (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. mind altering Von Sole This is a book I would have liked writing simply. Beautifully told, sometimes sad to read but awesome. Is it a real memoir?

KurzbeschreibungA poignant, beautifully written erotic novel from the bestselling author of *The Dirty Girls Social Club*, PUTA describes the life of one woman, Carmen Noa, through the sexual encounters she had from the age of 16 to 41. By turns sexy, sensual and devastating, this book shows that sex, for modern women, can be much more meaningful, dangerous and, at times, healing than most pop culture portrayals of it, informing every aspect of our lives.
