Von Cheryl St.John : Rain Shadow (Dutch Country Brides Book 2) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Rain Shadow (Dutch Country Brides Book 2) (English Edition):

Kurzbeschreibung Raised by the Lakota Sioux and having traveled with the Wild West Show for many years, Rain Shadow is unprepared for a forced stay at the home of Anton Neubauer while her son recuperates. He is a rock, a man who has lived on and farmed the same several hundred acres since he was young. Anton needs a mother for his son, but he needs someone domestic and ladylike, not the Smith Wesson toting female who sets up her teepee in his front yard and whose target practice wakes him at the crack of dawn. But fate, two little boys and two old men conspire to keep them together, and its too late to deny their passion once love is part of the equation. A western historical romance ebook for Kindle.
