Von R. E. Bradshaw : Rainey Days (A Rainey Bell Thriller Book 1) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Rainey Days (A Rainey Bell Thriller Book 1) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Great thrillerVon SkippyIt took me less than three days to read the book. The first pages I wasn't convinced it was a page turner, after twenty pages I was hooked. Great action, nerve-racking scenes and a little bit of love, just perfect for a long weekend on the couch. I'm going to read the next books as well.The only downside: I knew quite soon who the

killer was, but then again, I write crime and mystery books too, so maybe I knew because I would have written it the same way

Kurzbeschreibung Rainey Days is the first novel in the Rainey Bell Thriller Series. After its first publication in 2010, the second in the series followed, Rainey Nights, a 2011 Lambda Literary Award Finalist. This is the second edition of Rainey Days. No major changes to the story were undertaken, but an editor did go through and clean it up a bit. Special Agent Rainey Bell is on medical leave and has been for over a year, after a horrific attack left her scarred both inside and out. She drinks too much and hasn't had a good night's sleep in months. On a hung-over morning, in June, a request for help from an old friend plunges Rainey back into the world of stalkers, rapist, and serial killers. The next thirteen days will change Rainey's life forever, if she survives. On top of all that, the woman she is supposed to protect brings out feelings Rainey didn't know she had. Thrown together, by a bizarre series of events, they learn to depend on each other for survival.
