Von Alyssa Rae Taylor : Raising Ryann (Bad Boy Reformed 1) (English Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Raising Ryann (Bad Boy Reformed 1) (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 1 von 1 Kunden fanden die folgende Rezension hilfreich. Funny, sexy alpha-maleness Von LittleDarling A young MMA fighter with a dark past, a girl that was saved by him from a horrible crime, a gym that brings them together this is the recipe for mind-boggling, funny, sweet, sizzling storytelling. This book was quite a surprise. I was expecting something very angsty and dark, with a heroine that would

be damaged and troubled. Instead we get Reese. She is feisty, doesn't take crap from no one and can stand up for herself. I absolutely adored her. She didn't let negative experiences get her down, but learned from them and thrived. She totally kicks ass and I really enjoyed her attitude. She speaks her mind and demands respectful and fair treatment. She is quirky and at times weird but in the most lovable way. Luke on the other hand is all alpha-male goodness. His cocky attitude made me drool like a senseless lunatic. He was funny and witty, but also incredibly caring and protective. Some things he said or did made me want to slap him while at the same time I -or maybe it was my hormones- was swooning. He doesn't engage in the sleazy super-romantic talk which makes him even more likeable. The things he says are uncensored and raw but this makes them even more romantic in my opinion. And quite honestly, he is a heart-melting hero. He is so self-less when it comes to Reese, that it made my heart all fuzzy, warm and mushy. The banter between Luke and Reese was at times laugh out loud funny. Other times I just wanted to scream at them to get their groove on. There was so much sexual tension between them especially when they were working out together. Holy mother of sexy scenes, I have gotten a new appreciation for wrestling. But the story isn't all light and sexy as some dark and gritty things from Reese's and Luke's past come up that threaten to break them apart. Will their relationship be strong enough? We don't find out just yet as this book ends on a cliffhanger but I have no doubts in my mind that the second book is absolutely worth the wait. It is quite an accomplishment to write a book that covers heavy issues and make them so intense, that as a reader you are catching your breath. The story more or less starts out with a glimpse of what happened six years ago and let me tell you, it ain't pretty. Also towards the end, when s*** started hitting the fan, I was sitting on the edge of my seat, not being able to put my Kindle down, wanting to find out what happens. But at the same time Alyssa manages to make the book so light and fun, that you don't feel like you've been stomped on by elephants on fire. A tale of abuse, heroism, forgiveness, love and acceptance this book is an extraordinary debut from Alyssa Rae Taylor and a very unique New Adult book. Definitely five cocky, sexy, witty, alpha-male stars. 0 von 0 Kunden fanden die folgende Rezension hilfreich. 4,5 Stars because Mrs. Taylor is keeping me wanting... Von Magritte I bought this book yesterday at 3h30 A.M. because I couldn't sleep anymore and hoped it could get me to sleep, but it didn't it kept me wide awake wanting to finish it until real life caught up and I had to leave it. But it was ok because the Heroes seemed to have figured things out and were on a good track. So guess my surprise this morning when I continued reading and things changed. I saw the percentage of my reading on my kindle come closer and closer to 100 % and things getting... well not so great. I panicked that Mrs. Taylor had no way of giving me my desired HEA. And well... it ends with a cliffhanger and I just need the next one... and there is no publishing date yet... sometimes 2014.... That really messed up with me. And I believe this is a sign that I enjoyed the book. After a very difficult youth Luke Ryann is a MMA champion, who professionally has reached everything he ever wanted. When he stops fighting to settle down as a trainer in the gym owned by his former foster parents he is taken aback when he sets his eyes on the girl next door that has grown up to a strong and amazing woman. Reese Johnson is irritated by Luke when he shows up at the gym she is working at. He is beautiful and sweet but also irritating like hell. Somehow she has the feeling she knows him but can't figure out where from ... at first. When she remembers him she does not understand why he kept her in the dark about him having saved her in the most difficult moments of her past. After a difficult start she figures out that their souls simply belong to each other; when their past comes back hunting them however, who will protect whom? The main characters are great; when they are honest to each other it is amazingly sweet. The heat between them is palpable even if they don't make it happen. Some scenes make you smile others leave you breathless and yet others surprise the reader. I really enjoyed the banter between the two. Luke is such a great alpha-male that you want to keep him around and Reese is a strong and sweet woman. The heavy issues that the story is about are a real gain for the story and the reader. The story flows and is a nice read. I only had some trouble when things got intense suddenly we jump to a later moment and I just missed a week during which so much could have happened. And of course I have my trouble being frustrated because of the cliffhanger, but that is maybe only me. So for those who didn't understand: I liked the story a lot and will look forward to read the next one... in 2014! Enjoy the read MBTM

Kurzbeschreibung A USA TODAY and AMAZON TOP 10 BESTSELLER! Raising Ryann is the first book in the Bad Boy Reformed Series. Luke Ryann is the stereotypical fighter. The kind of guy a girl should avoid at all costs. When he's hired to privately train me, avoiding him isn't an option. Most women would love to drop their panties, even if it is just to catch a glimpse of his dimpled smile. I won't fall victim to his charm. That's what I tell myself at least, though it's torture when my mind's at war with my body. Something about the tattooed bad boy draws me in. It isn't just the broad shoulders, piercing eyes, and muscular frame that has me entranced. Luke Ryann has a secret. And I plan to find out what it is.
