Von Pamela Palmer : Rapture Untamed: A Feral Warriors Novel before purchasing it in order to gage whether or not it would be worth my time, and all praised Rapture Untamed: A Feral Warriors Novel:

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Feral Warriors - don't miss them!Von Lotta BooksSuspense, action, humor, romance, enough but not too much sex, and very

well written. Pamela Palmer is definitely worth reading, if you're a fan of paranormal romance. Her Feral Warriors are yummy alpha males (of course they are), but they also have depth, scars, feelings and believable motifs. Both their actions and their internal development in the course of each book are wonderful to follow. The females, too, are likable characters, thus the romance is credible. The world Palmer has fantasized and the story she spins and expands as the series develops is brilliant. Just a touch different enough to be completely unique. And addictive. Not last, because the following stories are hinted at in the preceding books...I won't bore you with yet another summary of the contents - you'll have checked up on that before checking the reviews, anyhow. "Rapture" is about Jag, one of my favourite Ferals. But the series starts with Lyon Passion Untamed: A Feral Warriors Novel. You should, too. 0 von 1 Kunden fanden die folgende Rezension hilfreich. Another in the Feral Warriors series Von Helen Hancox This book felt a little tired to me. Maybe it wasn't the book, maybe it was me, but I seem to have waded through so many series books recently that they are all merging into one. Unfortunately, Rapture Untamed had nothing in it which enabled it to stand out. Even the silly names of the various heroes (Jag, Tighe, Lyon) seem to echo J R Ward's silly names in her Black Dagger Brotherhood. The plot of this book was reasonable, with the morose hero Jag attracted to Olivia, a woman who has a very dark secret. When Jag discovers her secret, he realises that he cares for her and doesn't want her to face the consequences of her situation. But Olivia has power that can be dangerous and the Feral Warriors may find that she could be their biggest nightmare - but can she help Jag to recover from his own nightmares of his responsibility for the death of his mother. The most interesting part of the book was Olivia's secret and how it affects the way in which she lives her life. She was an appealing character, although I couldn't say that I particularly liked Jag. However the book overall didn't feel that it stood out in any way and it wasn't a page-turner. Buchrückseite They are called Feral Warriors an elite band of immortals who can change shape at will. Sworn to rid the world of evil, consumed by sorcery and seduction, their wild natures are primed for release . . . The most combative and tormented of all the Ferals, Jag is a predator who hunts alone until daemons terrorize the human population. To stop them, he partners with Olivia, a flame-haired Therian temptress as strong as she is beautiful. But Olivia is no ordinary immortal. The survivor of a vicious supernatural attack, she possesses a deadly and forbidden skill one that must remain hidden, especially from the powerful Feral Warriors. As Jag and Olivia's sensual dance of dominance and seduction gets wilder and hotter, a dark force sets its sights on Olivia, threatening to destroy everything she has vowed to protect. And the only one who can save her soul is the arrogant jaguar shifter she lusts for but dares not love.
