Will Rapunzel Let Her Hair Down?Von Ingrid Stephanie JordanTitle : Rapunzel and the Billionaire Bear The Shifters Princes #4Author : Sable SylvanReviewed by : Stephanie JordanWell I have to say Ms. Sylvan has done it again, another brilliant fairy tale so much better than the second disney Rapunzel. But hey this is the adult version.Zelda Woods lived up high in the sky, actually in a penthouse in Seattle or was it her prison? Zelda never left the penthouse she had everything she needed living the luxury life. She had been sick her whole life and not aloud to leave the penthouse. Her mother Lorelei adopted her when she was very small not that she could remember.Lorelei would bring business men every once in a while and Zelda would be the perfect hostess.Lance Asher whose distant cousins owned Asher Lumber Co. which Lance's parents made there money before they died leaving billions to Lance. Now he owned a helicopter airdrop business for the rich. Having business meeting in Seattle he ran into Lorelei who asked him to come and visit her daughter. At first he thought it was weird but he might as well see. I was gifted this ARC for an honest and truthful review
