Mir fehlen eigentlich komplett die Worte um dieses Buch zu beschreiben.Zum Inhalt sollte man nicht viel wissen bevor man anfngt zu lesen: Lexi lebt in Sydney, ist

Streetworkerin und wird gestalkt. Von Twitch. Ich bin jemand der möglichst viel über den Inhalt eines Buches raus finden will, bevor ich es kaufe. Über dieses fand ich nicht viel, außer wow-Rezensionen. Ich habe gekauft und es ist schon jetzt MEIN Buch 2014. Bin auf einer emotionalen Schiene aufgrund dieses Buches unterwegs, unglaublich. Ich habe gerade beendet und würde am liebsten noch mal Anfangen zu lesen...Aber Raw ist ein Buch, was man nicht zweimal lesen kann finde ich, ganz einfach, weil du in dieses Buch gezogen wirst und die Stimmung aufsaugst. Zu Beginn weißt du nichts. Wer ist der Mann von dem Lexi gestalkt wird? Wieso? Und du willst rufen: Lexi, NEIN! Ich könnte es so schnell kein zweites mal lesen, weil ich jetzt weiß was passiert und warum. Ein zweites mal lesen verdirbt mir oftmals ein Buch. Ich lese lustige, schulzig, romantische Storys zweimal, ABER das, ne. Eben WEIL es so grandios, intensiv und fantastisch war. Es ist meiner Meinung kein absoluter Dark Read. Ich habe schon wesentlich schlimmeres gelesen. Nichts desto trotz, dieses Buch haut mich absolut um. Es wird lange in meinem Kopf bleiben, lange werde ich nach was vergleichbaren suchen und wahrscheinlich nichts finden, ich werde jedes mal auf einen Mann wie Twitch hoffen, wenn ich die erste Seite eines neuen Buches aufschlage. Ich muss den Göttern für dieses Buch danken. Lest es. It's absolut mindblowing, it's RAW! 6 von 6 Kunden fanden die folgende Rezension hilfreich. Five stars is not enough... Von LittleDarling Have you read a book before that after reading The End all you wanted to do is fall to your knees, raise your fists towards the sky, shake them and wail Why God, why?. No? Then this is the book for you cause this is how I just felt after finishing Raw by Belle Aurora. With this book it took all my willpower not to lock myself in the bathroom while the family was celebrating New Years Eve just so I could finish it needing to find out what happens next. This book destroyed me, it broke me. I felt as if Belle Aurora stuck my heart, my mind and my soul in a blender and set it on high and then just walked away. For the last quarter of the book and still about three hours later I was a sobbing and blubbing mess. It was so much more than I expected and I already had high expectations. This book evoked so many emotions in me pain, despair, disbelief, contentment, happiness, hate, disgust, fear and a broken heart. The story gave me whiplash as I was basically torn between emotions on a minutely basis. One moment I was full of hate, the next moment that was replaced by sympathy. Then swooning like a love-sick lunatic, right before feeling appalled and out of my comfort zone. And I loved every bit of it. When Belle Aurora said that this is a story about a love gone wrong, she wasn't kidding. I really should have believed it. This story is different and original. Not something I have read before. It is dark and twisted and transformed my brain to mush. Well, my heart too. And my ovaries suffered a little as well. It is the story of Twitch and Lexi. Each of them having lived through a difficult and tormented past and still managed to succeed each in their own way. Their meeting and relationship is, well, let's say unusual and twisted as hell. But that is to be expected if you develop feelings for your stalker. And that is exactly what Lexi does. Little does she know there is more to him than just some guy that likes to follow women around. And little does he know that she is the only one that can save him from himself. Their relationship made me cringe at times. I found myself shaking my head in disbelief, wanting to shake the characters to make them wake-up and see what was going on. This couple and their relationship is unique. I've never read about a relationship like theirs. And yes, at times it took me out of my comfort zone. But that means the book is good. It makes me feel and think new things, it makes me reconsider my point of view. Amazing, when a story can do this. I can't tell you much more about the story without giving too much away. And that is not something I want to do. The story is too good for you not to experience it yourself. What I can tell you is a bit about the characters. There is Lexi. She is a woman to look up to. Having overcome pain and sorrow that her childhood and youth have been filled with, she is now someone who helps others giving all her heart and soul. She believes in the good of people and doesn't judge. I liked her character a lot. Despite what she went through she wasn't broken. She was happy and loving, stable and caring. Her friendship with Dave and Nikki was absolutely adorable. But when it came to Twitch, that girl left her brain on the bedside table. Sometimes I wanted to grab her by the shoulders and give her a decent shake in the hopes of maybe bringing her brain cells back to life. But then I suppose the heart will win over the brain any time and there was not much she could do about it. Twitch on the other hand is one complex and twisted man. Most of the time I was torn between wanting to punch him in the throat or rip his clothes off. He was all domineering, controlling alpha-male with a big dose of bad-to-the-bone added to the mix. And yet, despite his often brutal, demeaning and heartless behaviour, I just couldn't help but like him a bit. There was more to him than this sick-in-the-head man. And finding out what it was that was excruciating as hell. I love that up until the end of the book, I could not make up my mind if I hate him or love him. But yet I couldn't help wishing for him to be happy, not able to just think in black and white. Not able to just judge him. To make me feel like this about a character like Twitch, that was a job well done by Belle Aurora. The story will shock and rock you and trust me, you will love every second of it. For me, this is the best start possible to a new book year. Do yourself the favor and read this book. 5+ unique, mind-numbing, heart-wrenching, sobfest-inducing, thought-altering stars. 3 von 3 Kunden fanden die folgende Rezension hilfreich. A good read Von Kat The Author note warns "This is not a love story. This is a story of love gone wrong" but I disagree. What I liked about this book - it is a standalone, it has wonderful characters, the writing is good and so is the plot. It captures you, draws you in and won't let you stop. I will not delve into the content of the book. Other reviews have done that. However, I will share my personal comments on it. I have given this book 4 out of 5 stars. Would I recommend this book? Yes, it was a great read, with characters that made you root for them, it was dark, it was steamy and had a certain kink factor Would I re-

read this book? A few months down the line I would because it's a powerful story. Would I read more books by this author? Definitely!***** SPOILER*****I disagree with the author's warning that this isn't a love story but a story of love gone wrong. It's the ultimate love story - with something that is close to the ultimate sacrifice. Twitch has sacrificed everything to protect Lexi and their son by doing the most unselfish thing. If that isn't true love, as in Romeo Juliet kind of love, then I don't know what is.

Kurzbeschreibung***Author Note: This is not a love story. This is a story of love gone wrong.***Growing up the way I did, you'd think I'd be more screwed up than what I actually am. Soon as I turned sixteen, I left that bump in the road I called home and took my chances on the street. Best decision I ever made. Now, at the age of twenty six, I'm educated, employed and damn good at my job. My friends have become my family. Like me, they know what it's like to grow up unloved. But the saying is true. The world makes way for those who know where they are going. That's me. I know where I'm going and I'll get there eventually. On my own terms and at my own pace. But then there's him. I feel his eyes on me. I see him hiding in plain sight. He watches me. He makes me feel. It's unconventional. But it's real. I'm sure you're wondering how a person falls in love with their stalker. So am I. This isn't a story. This is my life.***This book includes situations that some may find uncomfortable. Kurzbeschreibung***Author Note: This is not a love story.
