Von Jon Keys : Razor (Beyond Fairytales) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Razor (Beyond Fairytales) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 1 Kunden fanden die folgende Rezension hilfreich. 5 Hearts from MM Good Book ReviewsVon Pixie Mmgoodbookreviews5 Hearts reviewed by PrimeThis story is just one big wow! However, you are probably going to need your tissues on hand. We go on a roller coaster of life threatening illness, miracles (healing powers of cum??) and lots of steamy sex.This is part of a series of books (Beyond Fairytales) which adapt fairytales of the Grimm brothers. Razor is based on the Little Peoples Gift. Little People are essentially

the faeries/elves of fairy ring mythology. The story is basically two poor, weary travellers are lured in by music to a group of fairies/elves. However, reading the interesting twist put on the tale by Jon Keys, I cant help but think of the song Hotel California (at first I had the Foo Fighters song Razor in my head).This is about married couple Micah and James. Their world is crashing down and instead of coal in their pockets (like in the fairy tale) they have life threatening diseases to contend with. The topic of basically being told you have a few months to live is a touchy one for some readers, but here it kind of works as a sort of fairy tale to embrace life because you dont know how much time you have, much like the original was a fairy tale telling people dont be greedy and dont alienate your friends because they help when times are tough.Although thinking about it, I dont think this story would have such a positive impact if youre not aware of the material its adapted from. Its a very short story (maybe a page), so just Google it. [...]

KurzbeschreibungWhen the world crashes down around your ears, sometimes all you can do is punt and hope for the best. Thats exactly what James and Micah decide to do when one of them is diagnosed with cancer, and the other discovers a serious heart defect. When the doctor tells them to start working on their bucket lists, the two take a trip in an effort to create some good memories, and forget the ugly truths, while they focus on their time in each others arms.Their vacation turns into much more than they anticipated when they find themselves drawn to a club like sailors to a siren. Several sexy waiters, some unforgettable lap dances, and one whip-wielding stud later, they stumble upon the answer to their prayers. Their sex is wild again, and the pair find themselves living for tomorrow. But with every answer comes questions, and Micahs search for more may destroy them both.Will they be able to recover from his thirst for the truth? Or will the men always live walking on the edge of a Razor?KurzbeschreibungWhen the world crashes down around your ears, sometimes all you can do is punt and hope for the best.
