Von Idunahh Aufgrund der sehr positiven Rezensionen und meinem durchaus vorhandenen Faible für schräge Geschichten gepaart mit einem günstigen Deal-Preis habe ich das Buch heruntergeladen.

Durch die erste Hlfte habe ich mich gekmpft, weil es eigentlich nur darum ging: Wird die Protagonistin schwach und verflht wieder ihrem Ex, von dem sie glaubt, er habe reihenweise andere Frauen flachgelegt? Was sie nicht verwundet, ist er doch unsagbar attraktiv und der Alpha der Werwlfe! Die physischen Reaktionen ihres Werwolf-Anteils auf ihn werden sehr umfanglich beschrieben, auf Dauer fand ich es ermüdend und schrie innerlich: "Mdel, mach hinne und sag ihm, warum du stiftend gegangen bist!" Dann knnte er nmlich die Sache richtigstellen, sie folgt ihren Trieben und die Geschichte hat eine Chance, die interessanten Nebendarsteller wie den nicht so attraktiven Bruder des Ex, die extrovertierte, jung ausschauende Gromutter und den wirklich witzigen, das ganze Buch herausreienden Vampir-Dragqueen-Freund mehr Profil zu geben. Der hat mich bei der Stange gehalten, das ganze Buch zu lesen. Einen weiteren Band werde ich nicht kaufen, Wer-Khe sind mir echt zu weit weg und noch 'ne Geschichte mit einem Mdel, dass selbstbewusst sein will, aber die einfachsten Fragen nicht stellen kann, reizt mich tatschlich wenig. 1 von 1 Kunden fanden die folgende Rezension hilfreich. Alle Daumen hoch! Von Hollenfeld Must-have fr Fans von witzigen Shifter-Krimis, die in einer amerikanischen Kleinstadt spielen. Sehr zu empfehlen auch fr Vampirfans, die nichts gegen einen strickenden Meistervampir mit Drag-Queen-Ambitionen haben. Ein wirklich ansanter Roman mit richtig coolen Sprchen und originellen Charakteren. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Absolutely hilarious - .more please Von Hoener, Birgit A year ago, Essie left Hank, the Alpha, thinking he kept betraying her. She is now an agent for the council, having to go back to investigate the disappearance of Were Women. Her best friend, the gay Vampire Dwayne, accompanies her. Essie and Hank have to work together to find the missing women and catch the kidnappers. Loved this book from the start to the finish! It had hilarious situations and dialogues (although some were a bit forced), great protagonists and a quick and fluid narration style. To be honest, as interesting and likeable as Hank and Essie were, and also Granny, I was in stitches over Dwayne, the gay vampire, and his antics, and loved him more than the other protagonists. Actually, I always just wanted to give him a big cuddle. There is a follow-up to this one, which I will definitely get, and I hope to see more in this series (as long as Dwayne is a part!)

Kurzbeschreibung I never planned on going back to Hung Island, Georgia. Ever. I was a top notch Were agent for the secret paranormal Council and happily living in Chicago where I had everything I needed a gym membership, season tickets to the Cubs and Dwayne my gay, Vampyre best friend. Going back now would mean facing the reason Id left and Id rather chew my own paw off than deal with Hank. Hank the Tank Wilson was the six foot three, obnoxious, egotistical, perfect-assed, best-sex-of-my-life, Werewolf who cheated on me and broke my heart. At the time, I did what any rational woman would do. I left in the middle of the night with a suitcase, big plans and enough money for a one-way bus ticket to freedom. I vowed to never return. But here I am, trying to wrap my head around what has happened to some missing Weres without wrapping my body around Hank. I hope I dont have to eat my words and my paw. *** This novella originally appeared in the Three Southern Beaches collection released July of 2014. This is an extended version of that story.
