HeartwarmingVon SusiSunshineThis is the third book in Dahl's Donovan Brother's Brewery series and I was really

curious to see how she would turn the serious and sometimes a bit too controlling Eric into an irresistible hero. He didn't have an easy start with us as the reader. In the previous novels he didn't often agree with our leading characters and as we sided with the heroes he got a bit of an opposing role. And now here he is in all his glory and well, he definitely won my heart over. I have to shamefully admit that I didn't read the novella that precedes *Real Men Will* and I really regret this. I will have to remedy it ASAP. The novella in *The Guy Next Door* tells the story of how Beth and Eric met for the first time and from what I learned in *Real Men Will* I need to read that. But I still I could follow the storyline without having any problems at all. There is more to Eric and his behavior than the author tried to make us believe in the previous installments. He has a reason for being so stubborn and set in his way. He doesn't want to be the spoilsport all the time but his conscience forces him to act the way he does. His thoughts and worries aren't what I expected. The backstory really puts his character into a different light. I loved how strong he was at some times but at others he was as vulnerable as we all can be from time to time. His fights with Jamie nearly broke my heart now that I knew why both sides acted the way they did. I just wanted to grab them and bang their stubborn heads together. Beth is as much a deceiving character as Eric. Everyone believes that the owner of the local sex store must be an experienced and openminded lover. Well, I don't want to say that she isn't but she isn't what everyone wants her to be. She is just an ordinary woman with her own fears and worries. She is a strong and successful businesswoman but deep inside she sometimes still feels like the unsure and angsty teen again. This made her very likeable for me. She was unsure with other dates but with Eric she was someone else. He made her feel like she could just be herself. I loved that the most - to see her bloom and find a way to be who she is. That is the way it should be in a relationship- you shouldn't be afraid to say what you want- ever. The plot itself didn't grab me as much as the previous ones, though. The whole connection between Beth and the Kendalls felt a bit staged. I loved to see the other Donovans again though- always makes me smile to see those all in love and happy. *Real Men Will* delivers a heartwarming ending for a wonderful contemporary series. We learn to look beneath what people seem to be- to question their real motives and how deceiving it can be to not know all the facts. The Donovan Brother's Brewery series is a wonderful ride that will make you smile, laugh and cry. Highly recommended read!

Kurzbeschreibung It was meant to be a one-night stand. One night of passion. Scorching-hot. Then Beth Cantrell and Eric Donovan were supposed to go their separate ways. That's the only reason he lied about his name, telling her he was really his wild younger brother. Hiding his identity as the conservative Donovan. The "good one." But passion has its own logic, and Eric finds he can't forget the sable-haired beauty with whom he shared a night of love. When Beth discovers that Eric has lied, however, she knows he can't be trusted. Her mind tells her to forget the blue-eyed charmer. If only every fiber of her being didn't burn to call him back. **Pressestimmen** "Sparkling, special and oh so sexy- Victoria Dahl is a special treat!" -New York Times bestselling author Carly Phillips on *Talk Me Down* "Sassy and smokingly sexy, *Talk Me Down* is one delicious joyride of a book." -New York Times bestselling author Connie Brockway "Dahl smartly wraps up a winning tale full of endearing oddballs, light mystery and plenty of innuendo and passion." -Publishers Weekly on *Talk Me Down* "[A] hands-down winner, a sensual story filled with memorable characters." -Booklist on *Start Me Up* **Kurzbeschreibung** It was meant to be a one-night stand.
