Von Sabine Priestley : Rebellion (Alien Attachments) before purchasing it in order to gage whether or not it would be worth my time, and all praised Rebellion (Alien Attachments):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Tied irrevocably to a killer?Von Jean SmithWhen finding your mate is everything you could hope for and everything you dread Neither Ria or Ty are exactly thrilled with finding their psi-mate not when Ty believes Ria to be part of a military regime that saw his people enslaved and his parents killed not when Ria watched Ty kill a man in cold blood.

Like it or not, though, they are bonded and each night brings prophetic dreams. I really liked Ria in Alien Attachments. I loved her in Rebellion. This ex-military maven may be petite, but she exemplifies all that is touted in a redhead. She's fast, has a bit of a temper and can definitely be deadly if the situation warrants it. She's also all woman shopping trips for girly fashions, giggle fests with her bestie and total heartache when she discovers her psi-mate is a cold stone killer and she wants to know why. She sure didn't expect to find herself embroiled in a rebellion on a far-flung planet when she sought answers. It seems the whole galaxy has been misled when it comes to the native Curzans of Mitah. These are no illiterate, simple-minded people. Far from it. And, if what she suspects is true they never should have been subjugated to begin with. Fifteen years ago, Ty watched as his parents were murdered in front of a classroom full of children by a Sandarian soldier. Now their killer is back on Mitah. People are turning up dead. The government is corrupt and there is only so much the underground movement can do and only so fast. He went to the festival to take out a killer. He never expected to be taken down by the woman he shared a glorious night of loving with. Finding out she's ex-military is just the icing on the cake. Now he's in the hands of his enemies and his every dream is filled with her. Every moment of his day is filled with pain. Time is limited and if they're going to find the proof they need to free their people they're going to have to look past the surface and trust what their bond is telling them. Rebellion is full of action and adventure. There are plenty of story arcs to keep you busy with Ria and Ty's romance as well as the ongoing politics of the galaxy. The secondary characters are engaging, if not totally likable. Funny thing is that even though Ria's co-worker, Armond isn't all that likable with his standoffishness, I can't help but want to see where the author might take him. I'm really looking forward to seeing where the Alien Attachment series goes next. *****Reviewed for Xtreme-Delusions*****

Kurzbeschreibung 2 time Galaxy Express Award Winner. "5.0 out of 5 stars The thrills and drama did not stop!" "Boundless Books" "Have any interesting dreams lately, Red?" "Don't call me Red. I'm just here to find out what this means." She lied. She knew the second she entered the room what it meant. He was the one. Her psi-mate. A cold blooded killer. Pint size kick ass chick Ria Montori is back in book two of the Alien Attachments series. Former Sandarian military officer, she's currently serving the Cavacent clan and adjusting to life on a strange planet called Earth. She has no time to search for her psi-mate, the one being who could bring her pleasure beyond any mere physical intimacy. So why the hell is she bonding with a Curzan native who just killed a government official? Set in the Sandarian Empire, the Alien Attachment series gives you what you want. Alien romance, action, adventure and plenty of hot and steamy. Bk 1 Alien Attachments Bk 2 Rebellion Bk 3 Liberation Bk 4 Short Story sequel Alien Bond Kurzbeschreibung 2 time Galaxy Express Award Winner. "5.0 out of 5 stars The thrills and drama did not stop!"
