cliffhangerVon fishboneI've read Part 1-5 in two nights- it is brilliantly written- but in fact it is actually 5 chapters of

one book rather than 5 individual stories. That is the only reason I deduct 1 point. Otherwise it would have been 5 points all along. The plot is well done, the language is okay, I especially enjoy the inner monologue of the protagonist- I have seldom read such a good rendition of a person with an obsession with overthinking, second-guessing and poor communication skills! Applied psychology at its best.... fun to read. Overall the main characters are all well-formed, the sidekicks are a bit pale in comparison, but I guess the protagonists take up most of the space and time of the story. Maybe there is potential for further character development there. What I really enjoyed was the declaration of love to Seattle- so lovingly depicted I wanted to go there and see everything myself. And Alice really has a way of creating palpable atmosphere and vivid scenarios. Therefore 4 points, well-earned.
