Von Cindy C Bennett : Red and the Wolf (Enchanted Fairytales Book 2) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Red and the Wolf (Enchanted Fairytales Book 2) (English Edition):

Bennett's bookHeart on a Chain and I simply loved it... One day I was into reading stories about the beauty and the beast and downloaded this one

without even noticing who the author, when I noticed I started reading it and couldn't stop. Then I continued with the next one of her series, this one about the red riding hood. I have to admit I am a real girl loving fairy tales and I really like this author. Now, if you add two things you like together... it can only be good. This time however my opinion is not so enthusiastic. The series of short stories has been published in the following order, but doesn't have to be read in this order: Beautiful Beast (Enchanted Fairytales) Red and the Wolf (Enchanted Fairytales) Snow White (Enchanted Fairytales) Rapunzel Untangled Rafe und Ruby have been best friends for many years, but 3 years ago he leaves after their first kiss and even stops writing her after some time. She feels rejected and abandoned, has the feeling her heart is broken, even Lowell's (Rafe's brother) flirting doesn't make her feel better. When Rafe comes back, decided to win her heart forever, but without given any explanation about his disappearance she runs from him afraid to get hurt. When a wolf starts to threaten their town and after the call of her grandmother things change and he forced her to protect her, but the danger is not always where one expects it. There is a definite fantasy part in this story. Like in a traditional fairy tale it takes place somewhere, sometime.... Like always I enjoyed the writing, it had rhythm, was simple and easy to follow not having a lot of characters but just enough. What disappointed me however this time is that I had the impression to have already read/ seen this story: in Twilight or The red riding hood. There was no real suspense or surprise for me and the characters didn't have as much depth as usually. Maybe it is because I expected too much, knowing what Mrs. Bennet is able of. It is however a fast and nice read, nothing too complicate, a cute and sweet story. Please feel free to comment. Enjoy the read MBTM

Kurzbeschreibung A sudden increase in the violence and frequency of wolf attacks in the forest surrounding Piera has all of the residents on edge. Ruby: Three years ago, Rafe left their tiny mountain burg of Piera, leaving Ruby Hood behind to mend her shattered heart. Dealing with the fear created by the powerful and intelligent wolf would be enough for anyone, but now Ruby has to contend with more heartwrenching news . . . Rafe has come home. Lowell: Rafe's brother, Lowell, has befriended Ruby in his absence. He's almost as gorgeous as Rafe, and nearly as charming, but the problem is . . . he's not Rafe. Rafe: Rafe had no choice but to leave three years earlier, in spite of sharing an earth shattering kiss with his lifelong best friend Ruby. Now, he's back . . . and he's willing to fight for what he wants.
