Von Richard Marcinko : Red Cell: Red Cell No 2 (Rogue Warrior) before purchasing it in order to gage whether or not it would be worth my time, and all praised Red Cell: Red Cell No 2 (Rogue Warrior):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. More fantasy than fiction but an easy readVon Ray KingOne doesn't read the Rogue Warrior series with the expectation they

are going to get great literature. The first in the admittedly fictional series (one doesn't know how much of his autobiography is fiction), the reader is introduced to the lead character patterned after the author or, in my view, the way the author wishes he were. The plot involves the fictional Marcinko pulled out of retirement, given a promotion to Captain, and assigned to determine who some baddies are. In the course of the book, he slashes his way through his enemies, about every four letter word ever invented in any language and makes his case against the Navy bureaucracy. After a while, his relentless shots against anyone who doesn't do or see things his way begins to grate a bit but buried between his literary crusade to show his innocence of his federal conviction and his tirades against C²-COs (look it up in the book) is a fast bit of fiction. My bottom line? Not a book for everyone but if you can put up with the language and the ego, it is good for a few hours of diversion.

Former Team member review
Von Ein Kunde
As a former member of the Navy Seals who later became a psychiatrist after leaving the teams, it is always interesting to read the printed thoughts of my former fellow warriors. Mr. Marcinko has written a fine piece of embellishment that is full of action and machismo. As with the many type-A personalities in the teams, Marcinko has to have his way and spends too much time in the book explaining why his, and only his, way is superior and he consistently tells his tales so that he appears the victor in all situations. It is extremely amusing that the details surrounding his federal conviction (he wrote the book while incarcerated) are minimal while he previously spent multiple pages explaining minutiae. Skip this book and choose one of the other books written by former SEALs that portray events more objectively.

All Rogue Warrior-Books highly recommendable
Von Ein Kunde
I've read all the Rogue Warrior stuff. I'm civilian and a big fan of the Navy SEALs. The books are packed with action and tough language. It's like the image you keep in mind when you think of the SEALs. Dick Marcinko knows his trade and he tells a lot about operational details of SPECWAR. He seems to be a bit egocentric, regarding himself as superior among the rest, especially the staff personnel. The characters in the books that are going with Demo Dick are loveable. They keep up with you through all of the books. Just think of Stevie Wonder or Duckfoot Dewey. It's about men you don't care about kill or being killed. It's about the true warriors. Don't miss.

Kurzbeschreibung
In the New York Times bestselling autobiography *Rogue Warrior*, Richard Marcinko chronicled his controversial career in the U.S. Navy's elite maritime commandos, the SEAL teams. After his success as creator and commander of the counterterrorist SEAL TEAM SIX, he was ordered to create Red Cell -- a dirty-dozen team of SEALs whose mission was to infiltrate the Navy's most secure installations. Marcinko did his job too well. His reward was a year in a federal penitentiary. During that year, Marcinko and John Weisman wrote *Rogue Warrior*...but government restrictions meant Marcinko could only tell a fraction of his incredible story. Now the secrets he could not reveal explode on the page as the *Rogue Warrior* returns in the blockbuster suspense novel of the year -- a novel with him as the hero!
As *ROGUE WARRIOR II: RED CELL* begins, Marcinko, now a freelance security expert, makes a shocking discovery: smugglers are transferring nuclear materials to North Korea through Japan -- with backing from traitorous Americans. Recalled involuntarily to command RED CELL and stop the operation, the *Rogue Warrior*, with his loyal SEALs, will do anything to crush those who would betray America for a price. Based on current SEAL tactics, *ROGUE WARRIOR II: RED CELL* is an electrifying, sure-fire hit.

Synopsis
Based on the co-author's experiences as a U.S. Navy SEAL commander, an adventure novel pits the *Rogue Warrior* against a group of traitorous Americans who are smuggling nuclear materials into North Korea. Reissue.
