Kurzbeschreibung Ajax Petrakos has been King Leonidas's right-hand man since ancient Sparta and before a bargain with the god Ares made them immortal protectors of mankind. But now, after centuries of guarding mankind, Ajax has nearly given up on the one thing he's always wanted...to find his prophesied love. Newly tasked with a mission in Savannah, Georgia, he hardly expects the tidewater town to shelter his destined mate. Shay Angel has inherited her family's sight, the ability to see demons and other creatures of the night. If you can call nearly losing the family home, being bloodied every night, and having a pack of demons out for your life an inheritance. As the first female demon-hunter in the Angel family, she quietly strives to unlock the secrets she knows her two brothers have been keeping from her. But their over-protectiveness might just be enough to put her in more danger than they could ever anticipate when she comes face to face with an ancient winged warrior named Ajax. When Ajax and Shay meet, their attraction is instant and intense. But their time together is threatened by the demons that continue to stalk the Savannah streets—demons who seek only one objective: to consume humanity. Together, the fated lovers must solve an unavoidable prophecy, one that could mean the end of them if they don't act quickly; a prophecy that holds a life-shattering secret all its own.
