Von Jurjevics Juris : Red Flags before purchasing it in order to gage whether or not it would be worth my time, and all praised Red Flags:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. First ClassVon Steffen Gaudig-RuegerThrilling and well written. This book is unlike most Vietnam War/Era books I've ever read in that it doesn't try to deal with the larger picture of the war but rather follows a man and his mission

through his experiences in the Vietnamese Highlands. I would (and did) recommend it to a friend.

Kurzbeschreibung A novel of soldiers and spies in the Highlands of Vietnam. Army cop Erik Rider is enjoying his war until he's sent to disrupt Vietcong opium fields in a remote Highland province. Rider lands in Cheo Reo, home to hard-pressed soldiers, intelligence operatives, and profiteers of all stripes. The tiny U.S. contingent and their unenthusiastic Vietnamese allies are hopelessly outnumbered by infiltrating enemy infantry. And they're all surrounded by sixty thousand Montagnard tribespeople who want their mountain homeland back. The Vietcong are onto Rider's game and have placed a bounty on his head. As he hunts the opium fields, skirmishes with enemy patrols, and defends the undermanned US base, Rider makes a disturbing discovery: someone close to home has a stake in the opium smuggling ring-and will kill to protect it. Written by a master, and as authentic as *Matterhorn* or *Dog Soldiers*, *Red Flag* is a riveting new addition to espionage fiction. **Pressestimmen**
