KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich. Such a Good Read!Von Mary Moritz"Redeemer" is like no other novel I have read, and one of my all time favorites. It is unique and unpredictable, as are all of this author's stories, and you will find yourself thinking about it at unexpected moments. The movement of the story is constant, in the best way, and the characters fully visible. There is a delusional, truly threatening villain, a devoted mother and her two-year-old daughter, and a handsome, enigmatic hero, whose assignment to keep mother and daughter safe, becomes very personal. There is a history interwoven in the form of a story-within-a-story, which itself is fascinating, but which also holds crucial elements of the main story. There is a

smartness and passion, like in all of Killough-Walden's work, that keeps the story with you long after you finish reading, in the very best way.

Kurzbeschreibung Abigail Lucia is a single mother whose problems are limited to making ends meet and paying bills and taking care of her two-year-old daughter, Jessie. But when madmen begin to come after Jessie, claiming that she is a force of evil, Abigail realizes that, until now, she really had no problems at all. Enter Michael, an ageless man in Armani with piercing eyes and an eternity's worth of secrets. He is a member of an organization that wishes to help Abigail. But there is a price to be paid for his assistance. And though Abigail owes him her life, paying that price just might turn out to be the most life-altering thing she has ever done or will ever do.***** Heather Killough-Walden is a California native currently living in Texas with her husband and child. She is the New York Times and USA Today bestselling e-book author of the Big Bad Wolf series and the October Trilogy, as well as the print and ebook Lost Angels series which includes ALWAYS ANGEL (available now) and AVENGERS ANGEL (available November, 2011).
