Von Barry Eisler : Redemption Games (Previously published as Killing Rain and One Last Kill) (A John Rain Novel Book 4) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Redemption Games (Previously published as Killing Rain and One Last Kill) (A John Rain Novel Book 4) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Wie immer top!Von AirbusdriverWie immer hautnah, realistische Schaupltze, Aktionen nachvollziehbar, auch in Englisch verstdlich! In Rain beginnt eine Metamorphose die alle irgendwann im Geschft des Krieges trifft, man wchst daran oder zerbricht.1 von 1 Kunden fanden die folgende Rezension hilfreich. Another annoyance for Barrie Eisler readersVon Anthony WhiteRe issuing novels previously published under another name serves to not only confuse, but also annoy readers when they find on 'restarting' to read that the content is familiar. I can see no useful purpose in this at all. I am not amused to be reminded by my reading 'Fire Pad' That I bought the book at an earlier date.3 von 4 Kunden fanden die folgende Rezension hilfreich. Das Feinste von Feinem eines ThrillersVon Christoph SplichalBarry Eislers Geschichte ber den Auftragskiller John Rain ist sowohl in deutscher bersetzung als auch im englischen Original unglaublich spannend. Wer halbwegs Englisch kann, soll sich ruhig die Originalsprache gnnen. Man muss nicht allzu oft in ein Wrterbuch schauen.John Rain ist ein extrem harter und eigensinniger Charakter, Mord ist fr ihn ein Beruf. Sein Charakter zeigt trotzdem eine faszinierende und sensible Menschlichkeit. Die Geschichten um ihn werden mit jedem Buch interessanter. Er gefllt besser als der neue James Bond, der in eine hnliche Charaktere entwickelt wurde. Die Bcher um John Rain wird jedem Leser gefallen, der sehr spannende Thriller in tollen Umgebungen gern hat, dabei eine literarisch-gepflegte Sprache des Autors mag, und dem Szenen, die den Mord detailliert und haarstrubend genau beschreiben, nicht abschrecken.

KurzbeschreibungPreviously published as Killing Rain and One Last KillAfter nearly dying while taking out a target in Hong Kong, Rain has a new employer, The Mossad, which wants him to fix a problem in Manila. He also has a new partner, Dox, whose good-ol-boy persona masks a sniper as deadly as Rain himself. And he has a new hope: that by using his talents in the service of something good, he might atone for all the lives he has taken. But when Rains conscience causes him to botch the Manila hit, he finds out the next problem The Mossad wants fixed is him. Is Delilah, his Mossad lover, coming to help him? Or was she sent to finish him off?Redemption Games was previously published as Killing Rain in the US and One Last Kill in the UK, the fourth in the bestselling John Rain assassin series. From Publishers WeeklyAt the start of Eisler's taut and compelling fourth thriller to feature John Rain (after 2004's Rain Storm), the freelance assassin's latest employer, Israeli intelligence, has sent him and his longtime associate, Dox, to Manila to kill weapons dealer Manheim Levi. Just as Rain is about to make his move, however, Levi's young son suddenly appears on the scene; Levi's bodyguards wind up shot while Levi and his son escape. The dead bodyguards turn out to be ex-CIA; and Jim Hilger, the renegade Company man with whom they were also working, is upset enough to ask his own specialists to exact revenge. Trying to find a way to complete his mission, Rain contacts Delilah, a fellow intelligence agent with whom he's been involved. But her Mossad colleagues, who have lost their trust in Rain's reliability, are setting up their own plan to take care of him. The plot has enough twists and turns to satisfy, and Eisler is an adept hand at pacing and suspense. The dialogue generally rings true, though the switching back and forth between first- and third-person narrative can be distracting. Various exotic Asian locales add to the appeal. Copyright Reed Business Information, a division of Reed Elsevier Inc. All rights reserved.From BooklistFreelance assassin John Rain returns for a fourth outing. He has a new boss, the Israeli intelligence organization Mossad; a new partner, the affable sniper Dox; and a new outlook: maybe killing only bad people will help him feel better about himself. The plan falls apart, however, when Rain botches his assignment and winds up on the run, from both his current employer and his former colleagues at the CIA. The Rain series has been compared to Ian Fleming's James Bond novels, but there's one important difference: Fleming never took Bond seriously, and Eisler takes Rain very seriously indeed. That's not necessarily bad, of course, but it may be easier to sustain the superkiller premise if you can laugh at it a little. Killing Rain is the weakest in the series, but it's by no means a failure. There's plenty of nicely detailed action here, and if the idea of a hard-edged professional killer with a conscience seems to be losing some of its oomph, Eisler is a skilled enough writer to resuscitate his hero next time out.
