Awesome book
Von Cassay
Thank you Megan sending me a copy of your novel for review. I loved Released! I finished the book within 5-6 hours, the quickest I have ever read a novel. Released kept me at the edge of my seat for the entire book. Released was also a quick read at only 260 pages of awesomeness. The way that Megan described the scenery and the events the group had to get over while travelling reminded me of Zombieland which made it super easy for me to visualize post-apocalypse America. I loved the characters they were easy to relate to and funny. Taya is my favourite character in the series. She is funny and witty. There were many times where I was on the edge of my seat and Taya would say something and I would burst out laughing. She totally took the edge off some scenes. I also knew if I didn't finish the book before I went to bed that I would totally be having nightmares of demon hounds and birds attacking me. I can't wait to read the Chaos the next book in the series and I sooo want more of this story. For more reviews please visit [...]
