**Von Cassia Leo : Relentless (Shattered Hearts Book 2) (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Relentless (Shattered Hearts Book 2) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Nice and sweet, but nothing specialVon Johannal'm a sucker for New Adult romances which is why I was so happy to get this galley. I read it right away and it was an enjoyable, quick and easy read. But it wasn't as heartbreaking and intensely emotional as other books in this genre, like The Edge of Never or Slammed.The plot is all about secrets. Both Claire and Adam have their own big secrets and I grew ever more impatient to find out what those ominous secrets were. I

wished though that the plot had been built on more than the revelation of those secrets. Adam had some really sweet moments. But then he was suddenly irritating the hell out of me with some weird habits. Overall he was a likeable MC. I couldn't get into Claire though. All this hardcore meditating and addictive water-drinking stuff... well I can't relate to that. I admit that her secret was really heart-breaking. I was shocked and felt so sorry for her and all other persons involved. In the end, I wasn't so sure whether Claire should actually be with Adam or not and I don't know whether that is what the author wants the reader to think. ;) I was so conflicted that I probably need a break before I try reading the sequel. Relentless was a sweet romance with some very nice ideas but nothing special. More complex side characters would have added to the story. And I also have to mention that the supposedly hot scenes weren't sexy at all. That was a shame because there was quite some potential with some truly original ideas for the MCs.

Kurzbeschreibung Book two in the New York Times and USA Today bestselling series. It was a silly bet. She never imagined it would tear her carefully crafted world apart. Claire Nixon is a twenty-year-old college dropout with a secret. To Claire, Adam Parker is just another flirty customer at the cafe, until a chance encounter and seemingly innocent comment spurs a bet between them. The bet is simple: If Adam can get Claire to reveal the secret that made her drop out of college, she has to re-enroll. If he doesn't succeed, she gets to keep her secret and he has to stop stalking her at the cafe. Claire thinks she has this one in the bag. She's perfected the art of forgetting her past. But she isn't prepared for Adam's relentless pursuit or for him to share his own secrets. And she's definitely not prepared for her rock star ex, and her secret, to come banging down her door one year later. New Adult Contemporary Romance: Due to strong language, drug use, and sexual content, this book is not intended for readers under the age of 18. Pressestimmen "Relentless is one of those books that I place on the shelf with *The Sea of Tranquility* and *Ruining Me*. That shelf is my shelf of greatness." (Romantic Reading Escapes) "[*Pieces of You* is a] deeply emotional and skillfully written story of learning to listen to one's heart and finding all the missing pieces of oneself within one's heart, rather than in the love of another person." (Natasha is a Book Junkie) "Cassia Leo's conclusion to the *Shattered Hearts* series, *Bring Me Home*, can be summed up with one word: perfection." (Sinfully Sexy Books) Werbetext The heart-stopping, addictive first book in bestselling author Cassia Leo's new adult *Shattered Heart* series.
