Von Elizabeth Lowell : Remember Summer before purchasing it in order to gage whether or not it would be worth my time, and all praised Remember Summer:

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Is the

word 'betrayed' too strong? Von DeladyV@aol.com I've been reading Elizabeth Lowell for years, and I was originally drawn to her strong heroines and alpha males. She became one of the few authors I would buy on name alone, and could trust to give me a good read. Now I find that a number of authors I once bought religiously have taken to recycling previously published works, and unfortunately, E.L. is right there with them. I wouldn't mind if the original was just reissued, but additional pages are added. They don't really forward the plot. In fact, in the majority of books of this nature that I've read, the pace of the story becomes extremely labored. The only exception I can recall is *To the Ends of the Earth/Danver's Touch*, and that surprised me no end. Remember Summer originated as *Summer Games* in 1984. It deals with a woman who is competing in the three day, cross country equestrian event in the Summer Olympics. Her father is a government official who has been targeted by a terrorist. The Barracuda plans to get to her father by getting to her. Cord Elliot, a cold operative if ever there was one, is all that stands between her and the terrorist. Remember Summer/*Summer Games* is an ok read. I found Raine's relationship with her horse more interesting than her relationship with Cord! Maybe it's my age, and I just don't have patience for this kind of drawn out story line. And could the simile of the castle and the guards outside be beaten to death any more than it was? So read this, because Elizabeth Lowell wrote it. But read *Chain Lightning*, *Fever* and *Lover in the Rough* because they are the quintessential Elizabeth Lowell. 1 von 1 Kunden fanden die folgende Rezension hilfreich. Remember Summer Von Ein Kunde I, personally, got hooked on Elizabeth Lowell/Ann Maxwell romance novels with this book. I stumbled upon it by chance, and by chance, my life has been altered greatly by it. The true romance that develops between Cord and Raine makes the reader more aware of what they want out of a relationship. It honestly, couldn't have been written better! 1 von 1 Kunden fanden die folgende Rezension hilfreich. don't pick it up unless you have time to finish it Von Ein Kunde this is one of those rare page turners that catches you up in the characters lives and keeps you caught in their web. although the storyline borders on the completely far-fetched, it doesn't matter once you've entered to story. another great book by lowell.

Kurzbeschreibung The most grueling challenge of Raine Smith's equestrian career looms before her the Olympic Games. Little does she realize that she's about to face greater perils in the arms of a stranger than she's ever found on the back of her horse. Cord Elliot is a man trained to deflect disaster and his mission is to ensure that Raine Smith remains untouched by sudden gunfire at the Summer Games. Yet from the moment Raine Meets Cord's ice-blue glance, she knows he's more hazardous to her heart than a sniper's bullet. Falling for a man who answers to the call of intrigue and holds secrets that can never be shared is to endure the broken promises, unexplained absences, and constant danger that come with his profession. But in the fiery passion of irresistible love, a summer to remember seems worth any risk. Pressestimmen "I'll buy any book with Elizabeth Lowell's name on it". -- Jayne Ann Krentz "There is no finer guarantee of outstanding romance than the name of Elizabeth Lowell". -- Romantic Times Kurzbeschreibung The most grueling challenge of Raine Smith's equestrian career looms before her the Olympic Games.
