Von Danielle Steel : Remembrance (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Remembrance (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. One of

her best
Von Ein Kunde
I have read every one of Ms. Steele's books, and I have to say that of all her novels, this one is the one that has always lingered on my mind. It is very well written - you feel as if you are breathing each moment of the characters lives.

Von Nathalie
This was my first Danielle Steel book and I found it hard to put down! I thought it was a great book, except I found the last few chapters to be a little "odd". Other than that, I felt Danielle Steel did a wonderful job capturing my interest and anticipation with the unexpected events in Serena's life.

Remembrance
Von Lisa Landry
This book shows the struggles of war, life, and love. The young Principessa shows courage and an inner strength to continue on after all the hard blows of life that she is dealt. The book was fast paced and was written so clearly that you felt as if you were with the characters. A truly enjoyable book.

Kurzbeschreibung
A prisoner of a palace . . . Serena was almost too beautiful. Yet behind her aristocratic face there was something hurt, something closed. When she went back to the family palace in Rome after the Second World War she was searching for a shining fragment of the past to hold her heart. The last thing she was looking for was love. But the past was about to vanish for ever, consumed in love so complete it made Serena dissolve with passion in the warm Italian night. All she had treasured before had been taken from her - would it last this time? Or would the priceless promise of love for a lifetime live only in the bittersweet heartbreak of remembrance?
.de
Danielle Steel produces another yarn that defies the imagination in Remembrance. Impoverished by World War II, Principessa Serena di San Tibaldo is working as a servant in the Italian palazzo once owned by her family when the Americans liberate the country. Beautiful blonde Serena captures the attention of U.S. Army Major Bradford J. Fullerton, member of a wealthy and powerful Manhattan family. Following a whirlwind courtship and marriage, Serena and Brad return stateside to continue his military career. Life seems even more perfect with the birth of their daughter Vanessa, but then Brad is killed during the early days of the Korean conflict, leaving Serena with a young child to provide for, and no means of support. Drawing on the core of strength developed during World War II, Serena parlays her beauty into a modeling career. It is her beauty that makes Serena the object of obsession for a brilliant but unstable photographer. Steel spans two generations of women who learn to cope with the hand life has dealt them and to prevail in spite of the odds. A fast-paced ride! --Alison Trinkle.com
