GreatVon D. ByrneThis is great. I love a herione with backbone and not some simpering little twit.... able to bring a

strong man to his knees if needs be... but not manipulative. The characters are wonderful and funny. A definite keeper!

Von Kindle Customer

Die Geschichte hrte sich gut an und die Leseprobe war vielversprechend. Irgendwann fingen die Dialoge an sich zu wiederholen und drehten sich im Kreis. Zunchst war ich entuscht, dann fing ich an mich zu fragen was an den Helden der Geschichte eigentlich so attraktiv sein soll. Er ist ein reaktionrer frauenmissachtender Kotzbrocken und sie ist ein pseudoemanzipiertes Hascherl mit einem Hang zu stupiden Aktionen. Er staucht sie arrogant und unfair zusammen und sie entschuldigt sich und verspricht ihm Gehorsam. So geht das ber das ganze Buch in immer gleichen Dialogen. Nachdem ich mich bis zum letzten Drittel durchgekmpft hatte und keinerlei Besserung in Sicht war, habe ich verrgert abgebrochen.

Von Mandy

When the last of the bold Northumberland Ballingers and a staid scholar meet, sparks fly and love reigns in this classic by Amanda Quick. Albeit decidedly opposites, Harry and Augusta are the perfect compliment for each other. Each possesses what the other is lacking in personality and thus prove that opposites attract. Though seemingly quite boring, there is a side to Harry lurking under the surface that is wild and dangerous and completely sexy. He is actually something of a walking contradiction, at once pompous and lovable. Augusta comes from a long line of impetuous, hot-tempered, strong minded people and this is quite evident in her personality. Even though Harry is often scandalized by Augusta's behavior, he is still recklessly attracted to her. Both of these people are relatively alone in the world and they find something in each other that fills the void and makes them stronger. Although Harry is skeptical of love and believes that it does not exist, you can tell almost from the first that he does love Augusta -- he's just too blind to realize it. I loved the fact that Harry has a daughter and that she gets on famously with Augusta. I also really liked that Augusta brings father and daughter closer together. The added aspect of the woman's club, Pompeia's, is quite refreshing -- it shouldn't only be the men who have all the fun. The scene near the end when Augusta challenged Harry to a duel had me nearly rolling on the floor! You'll love the unique way in which they fight the duel! As always, there is an added depth to the story in the form of a mystery that needs solving which drives the plot and makes it that much more intriguing. Once again, a winner from Amanda Quick that kept me interested right from the first. A fine example of some of her best work that will please the first-time or long-time reader. Not one to be missed!

Kurzbeschreibung

From the elegantly appointed drawing rooms of London's most exclusive clubs to an imposing country estate in the heart of Dorset, comes a provocative tale of a free-thinking beauty, a dignified lord, and a mad impetuous love that defied all logic . . .

RENDEZVOUS

Augusta Ballinger was quite sure that it was all a dreadful mistake. The chillingly pompous and dangerous Earl of Graystone could not possibly wish to marry her. Why, it was rumored that his chosen bride must be a veritable model of virtue. And everyone knew that Augusta, as the last of the wild, reckless Northumberland Ballingers, was a woman who could not be bothered by society's rules. That was why the spirited beauty had planned a midnight encounter to warn the earl off, to convince him that she would make him a very poor wife indeed. But when she crawled in through his darkened study window, Augusta only succeeded in strengthening Harry's resolve: to kiss the laughter from those honeyed lips and teach this maddening miss to behave! How could he possibly know that it was he who was in for a lesson . . . as his brazen fiancée set out to win his heart and an old and clever enemy stepped in to threaten their love, their honor . . . and their very lives?

From the Paperback edition.

From Publishers Weekly

With its predictable resolution, obvious villain and a hero and heroine who are strikingly similar to those in the author's most recent contemporary romance (Sweet Fortune, written as Jayne Ann Krentz), this Regency falls short in both originality and intrigue. The scholarly Harry Fleming, earl of Graystone, prizes loyalty above all else. A former spy, he is haunted by his failure to nab a traitor known as the Spider. Furthermore, his wife was "a lying, deceitful, falsehearted bitch." Now a widower, Harry's in the market for a second wife. He has selected as his bride Augusta Ballinger, a reckless but steadfastly loyal woman, and knowing she will balk, he persuades her guardian to present the engagement to her as a fait accompli. Despite her attraction to Henry, Augusta is indeed convinced that a free spirit doesn't belong with a stick-in-the-mud scholar. But the marriage proceeds, and as Harry tries to fashion a proper wife out of Augusta, he begins to believe that a document linked to the suspicious death of her brother two years earlier may offer a clue to the identity of the elusive Spider.
