EntertainingVon SunneThere is a lot of story in this one despite it is not unusal long. I really enjoyed the whole "goth meets geek" set-up despite I think the whole story is not logical. The construct with an all controlling and brutal dominant father, who doesn't let his impaired kids out of the house, just doesn't fit with a son who is wearing eyeliner

and is an art-student. So, this was my biggest problem. But...I loved the story anyway and generally I'm not that forgiving when I stumble over illogical plots. That means, the book was still awesome, cute, funny, entertaining, a little bit geeky and even thrilling.I recommend it ;)

KurzbeschreibungGenre: LGBT SuspenseGay, nerdy and extremely shy, scientist Dr. Edward Atherton is desperate for his first sexual encounter in order to avoid being a 30-year-old virgin. With his birthday fast approaching, he gives up traditional routes and goes in search of a prostitute. The young Goth he meets in a back alley in Soho, London, isn't exactly what he had in mind, but he soon finds himself in bed with Fox Baillie having the sexiest time of his life.When he wakes up to find Fox gone and with him Edward's computer, he feels embarrassed and used. Problem: still he can't get the skinny, pale young man with the black hair and eye makeup out of his mind. He finds Fox once again in the alley and is treated to a handjob up against the grimy wall.The last thing Fox expected when he's ordered by his ex-military father to seduce Dr. Atherton and steal his computer is that he'll actually find the dude sexy and enjoy the encounter. Ignoring the danger from his brutal father, he continues to seek out Eddie to continue what they started. But what kind of future is there for a scientist and a rentboy?Publisher's Note: This book contains explicit sexual situations, graphic language, and material that some readers may find objectionable: male/male sexual practices, self-injury, violence.KurzbeschreibungGenre: LGBT SuspenseGay, nerdy and extremely shy, scientist Dr. Edward Atherton is desperate for his first sexual encounter in order to avoid being a 30-year-old virgin.
