Von Annabeth Albert : Resilient Heart (Unconditional Surrender) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Resilient Heart (Unconditional Surrender) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich. Wonderful touching bookVon lonelywriterI already loved this story when I read it as part of the Anthology Unconditional Surrender and when I heard that it will be published again as a solo story with added material I knew I had to have it!And I can say I was not disappointed. I got this one for a honest review but I was so happy with the

story that I pre-ordered a copy too. It is still this wonderful, touching and heartwrenching story about an ex-soldier, wounded in war and now back at home dealing or not with his injuries and PTSD. It is still this wonderful, touching and heartwrenching story about an ex-soldier, wounded in war and now back at home dealing or not with his injuries and PTSD. This story is in parts angsty but not overly so. It is well written and felt wonderfully real. I found the issues of the soldier and the whole PTSD as a major theme, were dealt with wonderfully. I felt for him and was so happy that he had this special man at his side who was there for him in this time of his life. Encouraging, loving and simply wonderfully understanding and supportive. I lost myself in this story although I already knew a great part of it and couldn't put it down until I had finished it. The added Bonus Epilog Short Story was exactly what I had wished for when I read it the first time in the Anthology. A view into the future, their future together. I would happily read more of this two! And I definitely recommend it.

Kurzbeschreibung Originally released as part of the Unconditional Surrender bundle, now available as a stand-alone novella complete with BRAND-NEW 10,000 word short story/epilogue. When a wounded soldier is forced to accept help from his former best friend, both men discover the true strength of their entwined hearts. Army IT specialist Xander keeps his emotions wired as tight as his NETCOM gear, but when he's seriously injured by an IED, his whole life unravels. Running out of options, Xander must accept help from his ex-friend-with-benefits, Mackey. However, Xander's had feelings for Mackey for years, and close quarters only complicates his emotions. Further, Xander doesn't know which is worse: combating his inner demons or dealing with Mackey's guilty kindnesses. Mackey always kept his emotions close to his chest, but now he's got a secret that could destroy his one chance with the man he cares far too much for. Both men will have to heal their wounded hearts to ensure a future together. Entwined Future: In this new short story, Mackey has news that could change everything for him and Xander, but a visit from Xander's family jeopardizes Mackey's plans--and forces Xander to confront some harsh truths.
