...amazingly beautiful Romance! About two broken souls who finally find something/someone to live for again!Von
Bianca @BJsBBThe book is told in both Nia's and Reeves' POV.We start three years ago where Nia and Reeve had to

go through something horrible - they both lost someone very close to them. And now three years later they're both in Cleveland trying to live their lives. Nia was just hired as a dance teacher for little girls and Reeve is working at Jake's bar - as a bouncer, but not really - Jake hires him out as some kind of security expert/bodyguard to rich people, or rather rich criminals. When they both move into their new apartments they meet for the first time. Well, not really - they already met shortly before - under very funny and naked circumstances. They're instantly attracted to each other. For Nia, Reeves is literally her dream-guy: G.I. JOE. And Reeves is totally mesmerized by this beautiful dancer. "She's a living, breathing embodiment of my dream girl. Refined, perfect body, clean - stunning face, great taste in Scotch. Only I don't chase these kinds of dreams anymore... But of course, with both their pasts still very present in their mind, they're not looking for something serious. And then there's still the problem of Katie - a girl Reeves took on as his little sister, because her real brother isn't alive anymore. But Katie doesn't see Reeves as a big brother! What will happen to Nia and Reeves? Will they be able to leave their pasts behind to find their HEA with each other? Will everybody die at the end? Will there be a horrible Cliffhanger? Nope - I'm not telling you. Ok - I can tell you that there won't be a Cliffhanger!! It's a stand-alone Romance!!! I REALLY LOOVED THE BOOK!! I love a good, sexy romance... and this one was just perfect. Lots of sexy gorgeousness in the form of Reeves... There were some scenes that made me cry!!! ...lots of romantic and sexy moments!! The book was really full of emotions - full of guilt and blame and past problems that had to be overcome in order for our two darlings to finally find their 'Happy'! The cover and Reeves' background kind of led me to believe this book was going to be a bit more suspensy... there's not really anything suspensy about it - only talk about and memories of suspense. It didn't bother me, but it's just that the cover made me believe I was about to read a Romantic Suspense thingy BUT I LOVED EVERY SECOND OF THIS BOOK!!!! I was up until 3am finishing it!!!! RETRACE was an amazingly beautiful Romance! About two broken lost souls who finally find something - or someone - to live for again! I couldn't put it down! And now Sigal - hurry with your next book - I can't wait to see what the next one will be about!!! 0 von 0 Kunden fanden die folgende Rezension hilfreich. Fulminanter Beginn Von reader Das Buch ist im Wechsel aus Nias und Reeves' Perspektive geschrieben, also gibt es auch zwei Prologe. Diese und die beiden ersten Kapitel sind flssig mit witzigen Dialogen und unerwarteten Situationen geschrieben. Dann flacht die Geschichte ab und spielt zu 90% in Jakes Bar oder Reeves Wohnung bez. Bett. Nia und Reeves werden von Schuldgefhlen geplagt, die gegenseitige Zuneigung wird zu Liebe, warum und wie erklrt sich nicht, beide Protagonisten bleiben blass, die Charaktere entwickeln sich nicht. Es gibt keine richtige Handlung auch beider Berufe sind diffus. Er ist Ex-FBI, arbeitet manchmal, wenn der Autorin wohl nichts besseres einfel. Nia gibt Tanzunterricht, dort gab es Anstze fr eine Nebengeschichte, aber nach einem Kapitel war Schlu. Fazit: das Buch hat mich enttuscht, leider, die "Stark" Serie war viel besser. 0 von 1 Kunden fanden die folgende Rezension hilfreich. the best book from all the three very good books Von Sylvia Abdel Nur As I read all books from Sigal I can say every book was great !!!
