TintenkriegerAnd once again a really gripping story that spins the storyline of the Empire's Corps yet further. Well written, gripping military action with alot of thought on macropolitics.Still no aliens in sight, but we get to see how a war can be staged by one or two persons...Can hardly await the next piece in line.0 von 0 Kunden fanden

die folgende Rezension hilfreich. Reader's HellVon DIMINothing is as it seems. The author is hustling money from dumb readers, while barely across the street, the IRS another customer who tries to get his money is fighting for justice... and lots of disappointed readers plot their revenge.0 von 0 Kunden fanden die folgende Rezension hilfreich. Einfach SuperVon baymanSpannend vom Anfang bis Ende, ich kann die Fortsetzung kaum erwarten. Man sollte aber auf jedenfall die vorhergehenden Teile kennen.

KurzbeschreibungA new mainstream novel of The Empires Corps!After the disastrous mission to Lakshmibai, the very existence of the Commonwealth is called into question by politicians on Avalon. But as the political firestorm mounts, a call for help arrives from Thule, a highly-developed world facing a major insurgency in the wake of the Empires collapse. Reluctantly, the Commonwealth deploys the Commonwealth Expeditionary Force to Thule.But all is not as it seems. The insurgents are receiving support from off-world powers, while bare light years across the border, Wolfbane another successor state to the vanished Empire is preparing for war ... and an old enemy plots her revenge. As the countdown to war begins, the CEF finds itself sinking in a quagmire of bitter hatred ..... And nothing more than pawns in a very deadly game.KurzbeschreibungA new mainstream novel of The Empires Corps!After the disastrous mission to Lakshmibai, the very existence of the Commonwealth is called into question by politicians on Avalon.
