EnjoyableVon Bobby CratonI like this book - quite a lot actually. It takes its own special approach and stays away from many of the tired clichés of the fantasy genre. No demons, elves, or vampires. Sorcerers and magic are essential to the story and yet the author also creates a very believable medieval society. I particularly like the description of the villagers in the first part of the book. They aren't good people but they are definitely believable. More importantly, the characters are well developed. They are neither generic nor wooden. You actually care what happens to them, a quality which I appreciate. The plot is intriguing and keeps you reading. You constantly want to find out what happens next. I don't like spoilers so I avoid putting summaries of books in my reviews, but I should point out that this is a complex and lengthy story. That makes it my kind of book but I'm aware that some people only want short and simple tales - and this isn't. Clearly, it is the opening part of a trilogy-length work. It has a bit of a cliff-hanger ending. I already have volume II and will read it now, and I hope the author finishes volume III soon.0 von 0 Kunden fanden die folgende Rezension hilfreich. gute UnterhaltungVon AJDas erste Buch der Reihe berzeugt mit einer interessanten Geschichte mit glaubhaften Charakteren und einem guten Spannungsbogen. Anfangs wird abwechselnd aus der Sicht von Shale erzählt, wie er als Ausgestoener aus der Dorfgemeinschaft auf einen alten Magier stt, der ihn als Lehrling aufnimmt, und aus der Sicht von Oliviana, die als hoch angesehene Seherin und Angehörige einer angeblich ausgestorbenen Volksgruppe entscheiden muss, wie sie mit ihren dsteren Vorahnungen umgehen soll. Um nicht mehr der Handlung preis zu geben, sei gesagt, dass die Geschichte nachvollziehbar aufgebaut und gut zu lesen ist.

KurzbeschreibungA temperamental mule, a wily master, secondhand shoes and apparently cursed. What else does the Cripple of Kilten have to put up with? Follow him, his disowned friend and a knife-wielding seeress-in-training into a world where magic oozes from the cobblestones, where cities can have tunnels instead of streets, and clusters of dragon-scaled towers are the abode of seers. A fog of fear rises when the immortals who lived in secret among humans, stir as their arch enemies return. Sorcerers vie for a deadly but powerful staff in a circle of combat to be crowned champion of the beleaguered land. It is immortals against mortals - and immortals against immortals. (Note: Formerly titled Cripple and the Staff) KurzbeschreibungA temperamental mule, a wily master, secondhand shoes and apparently cursed. What else does the Cripple of Kilten have to put up with?
