moments just to give you a pause and let you catch your breath. Then off it goes on another fight or adventure. At first I stopped reading it due to lack of time. Now I'm happy I have the ebook to read continuously (and without internet too!). I have already read most of the chapters and am reaching the end of book 1 and I can't wait for book 2. The story is about a young man from Earth, who, to save his beloved, sacrificed his life and in the process gets reborn in another world BUT he still has his memories of his past youth!!! In this new world, the heirs of the 4 creators were deceived and sealed in various equipments. One such equipment fell into the hands of our young hero and this triggered all the sad parts described above. After birth, with one of the heirs, he rises to the top by cultivating to help his friend get his body back and also to meet his beloved and let her be reborn so he can finally confess his love for her. Humorous, fun, fast-paced tale of a young boy with two souls and his group of friends who adventure this new world and accomplish his goals!!
