Von Karina Bliss : Rise: a ROCK SOLID romance (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Rise: a ROCK SOLID romance (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. You have the ability to make controversial characters sympathetic. Maybe I just want to be understood.Von BcherjunkieIf you'd need to put the words egocentric, self loving, holier-than-thou self assured into one word it would be ZANDER!The almost 40 year old Rockstar and CEO of RAGE has no trouble whatsoever to take what he wants and

what he thinks is good for his Band and image. So he just charms (OH YESH he can do that) Pulitzer Price winning Biographer Elizabeth into writing his memoir. But he soon discovers that Elizabeth isn't willing to play it his way. Zander might sound like a shallow person in my first sentence but he absolutely is NOTHING like that. He is just THAT good in hiding his real self behind his Rockstar image. He thinks he isn't redeemable and that the mistakes he made along the way are too severe to be worth of someone's love. Everytime Elizabeth hits a wall she just digs deeper and after stripping many layers off of him she discovers a person who cares about his people, who is honest and easily loveable. You have the ability to make controversial characters sympathetic. Maybe I just want to be understood. And just like her heroine Elizabeth Karina Bliss is able to make those characters loveable and understood! I enjoyed this book very much. The Storyline is interesting and caught me instantly. After finishing this book I purchased What the Librarian did and can't wait for the next book. I just don't want Elizabeth and Zander's story to end. It wasn't the last time I read this book! 0 von 0 Kunden fanden die folgende Rezension hilfreich. super Von Nicole Ermeleine tolle geschichte, empfehle ich gerne weiter. auch für nicht-Engländer leicht zu lesen, auf deutsch werde ich mir auch noch holen..

Kurzbeschreibung Rise - The redemption story of a rock star going straight(er) through the love of a good(ish) woman. Acclaimed literary biographer Elizabeth Winston writes about long-dead heroes. So bad-boy rock icon Zander Freedman couldn't possibly tempt her to write his memoir. Except the man is a mass of fascinating contradictions: manipulative, honest, gifted, charismatic and morally ambiguous. In short, everything she seeks in a biography subject. When in her life will she get another chance to work with a living legend? But saying yes to one temptation soon leads to another. Suddenly she's having heated fantasies about her subject, fantasies this blue-eyed devil is only too willing to stoke. She thought self-control was in her DNA; after all, she grew up a minister's daughter. She thought wrong. Rock star Zander Freedman has been an outlier many would say an outcast for most of his life. But there's no disaster he can't overcome, from the breakup of his band to the inevitable damage to his reputation. His Resurrection Tour is shaping up to be his greatest triumph if his golden voice holds out. Contracting a respected biographer is simply about creating more buzz. Elizabeth's integrity is the key to consolidating his legacy as one of rock's greats. All the damn woman has to do is write down what he tells her. Not force him to think. Or encourage the good guy struggling to get out. And certainly not make him fall in love for the first time in his life. Turns out he is scared of something: being known.
