Von Esty Yates : River of the Sacred Monkey (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised River of the Sacred Monkey (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. Terrible grammar!!!Von AnnetteCute enough story, standard romantic fiction along the lines of romancing the stone. But the

grammar and spelling were so poor that it detracted from the story. I can only assume it was never edited...

Kurzbeschreibung Nicholas Williams is on the verge of the most exciting archeological find in Mayan history. He needs to get to the rain forests of Mexico without his presence being detected to prove his theories and protect the ruins he so loves. His only hope is a wisp of a girl whose knowledge of the dangerous forests around Piedras Negras, the uncovered temple on the Usumacinta river in Mexico is renowned. Jo Bauers broken heart isnt the only thing that fuels her reluctance to take this arrogant, rude, ridiculously handsome stranger to the wild forest. Once she agrees, will she find more than she expected in the heat of the jungle? Kurzbeschreibung Nicholas Williams is on the verge of the most exciting archeological find in Mayan history.
