Von Ronald J Cox Sr : Roadside Ron (English Edition) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Roadside Ron (English Edition):

Kundenrezensionen Hilfreichste Kundenrezensionen 0 von 0 Kunden fanden die folgende Rezension hilfreich. Best Motorcycle Story Since "Easy Rider" Von Ein Kunde This tale encompasses new beginnings born from total devastation of the human spirit. It is threaded together with hope and encouragement and the adventure and nostalgia of a cross country trip on old Route 66. The characters you meet on the way are unforgettable and will be missed long after the book is finished. Truly the best motorcycle story out since "Easy Rider." 0 von 0 Kunden fanden die folgende

Rezension hilfreich. 40-ish fellow Western Rider Von Ein Kunde Good book. The description is excellent and the author captures the true spirit of the west and how it feels to ride it. He was also able to write the mental turmoil of breaking away and starting over again. The description of the sex scenes are not for the prudish. If you want to know how it feels to ride the Great American machine, read this book. You won't be disappointed. 0 von 0 Kunden fanden die folgende Rezension hilfreich. Wonderful!!!!!! Von Ein Kunde Ron does what every one of us wants to do at some point in our lives - pack it all up and move on out. Ron is a character not unlike many of us. He's an easy going guy who just wants to get along in life. And he's doing what a lot of us fail to do.....fulfilling his dreams. An excellent book!

Kurzbeschreibung New Zealands Writers' Website-Book Reveiws I don't usually review novels for this website that aren't written by New Zealand authors or published by New Zealand publishers and I may come under scrutiny for reviewing this one, but as Books Editor I feel I have a responsibility of giving recognition where it's due, no matter where the author comes from. It was the thought-provoking cover which tempted me - a black and white photo of a man standing beside his Harley Davidson motorbike in the desert. This debut fictional novel is the story of a man who goes on a journey both physically and mentally after his marriage break-up. Ron Healy heads West to California where he stops for a while in a small town and meets a wise old man, and a blonde-haired woman who offers him love. While living in a house truck Ron buys his dream bike, a Harley Davidson, and this is the start of his quest to put things right in his life. The strengths of this novel lie in the characterisation where Ron is portrayed as an ordinary guy whose thoughts echo in us all. The evocative descriptions of life in America and, in particular, the wonderful trips on his motorbike are realistic and all absorbing. Cox's words come across, at times, as philosophical and I found by midway through the novel I was looking to the story to answer some of my own unanswered questions in life. Sex scenes are played entirely in sync with the character, are explicit and are extremely well written. Interestingly, the story works on another level too which reminds us that there are hidden depths to each human being and that the biker isn't always the drug pusher with violent tendencies he or she is often portrayed to be. Reading the blurb on the back cover, this novel won a merit award for "Best first book by a publisher" from Midwest Independent Publishers Association. This is certainly a compelling story and one where the characters linger in your mind long after the story is finished. ed by Loren Teague of NZ Writers Website 4 February 2001 In memory of Loren Teague. I am eternally grateful to her for her review of my novel. I hope she's happily writing and riding in the wind wherever she is. Back Cover Blurb: College educated, homeowner, self employed, married with two children, Ron believed his marriage would last forever. Suddenly at forty years old he became aware that he and his wife had grown apart, and before he realized it, the gap between them became insurmountable. Faced with a dilemma, he had to choose whether to stay in that big midwest city and walk through the pain of the divorce, or let go of everything in his life, start over from scratch and try to live out his three life long dreams. Now that his children were old enough to take care of themselves, he packs up his van, ties his old motorcycle to the back and heads west ready and willing to chart unknown territory. He thinks that if he leaves his past behind, life will be simple and carefree. This was not to be. In his quest to start his life over and fulfill his three dreams, he happens upon a wise old man in the California desert, then meets Billy Jo and runs head long into love again... In his quest to start his life over and fulfill his three dreams, he happens upon a wise old man in the California desert, then meets Billy Jo and runs head long into love again...Der Verlag ber das BuchA review of the novel Coming out of a long term marriage, which ended in divorce, "Roadside Ron" Healy decides to leave Chicago and fulfill his three life-long dreams; move to the California Coast, buy a Harley-Davidson and ride from one end of the country to the other. He packs up his belongings and heads west but never makes it to the coast. He stops about 90 miles shy of it to gas up and get a soda to escape the desert heat. The owner of the gas station, a slow moving wise old man named John, talks him into staying for one night in order to repair a customer's carburetor. That one day turns into two years. As he's trying to resolve his marriage in his mind, he meets two women; Billy Jo, the daughter of a local horse rancher and Gloria whom he met on the Internet who lives in New York. He's mysteriously drawn to Gloria, even though he's never met her. He purchases the Harley and prepares to ride cross country, now more to settle his mind more than enjoy the trip. He decides to go to New York and meet Gloria, which further strains his relationship with Billy Jo. On the way to New York he meets an intimidating looking biker named Maddog, who used to belong to a notorious motorcycle gang and they team up for part of the trip. While on the road, Roadside realizes he's in love with Billy Jo and tries to get in touch with her to let her know, but she's nowhere to be found. Now, more than anxious to return home, a series of events unfold before he arrives to find out the truth of Billy Jo's whereabouts.
