Von James Cobb, Robert Ludlum : Robert Ludlum's The Arctic Event: A Covert-One novel before purchasing it in order to gage whether or not it would be worth my time, and all praised Robert Ludlum's The Arctic Event: A Covert-One novel:

KurzbeschreibungAn ancient bomber conceals a devastating secret - a stunning Covert-One thriller from the master storyteller. On a desolate island deep within the Arctic, a scientific expedition photographs the wreckage of a bomber. It seems to be a relic from the Cold War - but a handful of insiders know that it is a Soviet Air Force biological warfare platform, still armed with weaponised anthrax. Covert-One's Lt. Col. Jon Smith leads a team to secure the site. But on the island they find themselves confronted with a traitor from within their ranks. Gradually they become aware that the ancient bomber conceals something else: a secret so deadly that it could trigger a Third World War...
Pressestimmen"a gripping, explicitly-narrated story that's a very good read" TELEGRAPH ARGUS "If it's plenty of action and adventure that you like, then this is certainly the book for you." SOUTH WALES ARGUS
