sequel w all it takes but a little Standard story tellingVon xrisThe story has all it takes for a good fictional agent book. But besides it's page-turner qualities, the book seems to miss the true spirit of the original Bourne novels. If you are just looking for entertainment during your vacation it is a match. For anything more you may end up disappointed.0 von 0 Kunden fanden die folgende Rezension hilfreich. Great Combat Sequences Throughout Spice Up a Plot That Seems Far FetchedVon Donald Mitchell"One man of you shall chase a thousand, for the LORD your God is He who fights for you, as He promised you." -- Joshua 23:10 (NKJV)The title of this story could easily be: Echoes of Jason Bourne's Life. Mr. Lustbader selected some of the major characteristics of Jason Bourne's past to build a plot around. Although the concept is somewhat interesting, it tended to focus my reading on other stories, rather than on this one. Ultimately, I thought it was overdone.What I did like about the book were the scenes where people were fighting for their lives in close combat. These were well done and very exciting. I think you will enjoy them. Without those scenes, I would have rated this book as a three-star effort.The plot also has some pretty credibility-stretching elements. I won't mention what they are lest I spoil the story for you.If you are a dyed-in-the-wool Bourne fan, you'll probably enjoy the book . . . but it will be far from your favorite.Take this one to the beach.0 von 0 Kunden fanden die folgende Rezension hilfreich. a true thrillerVon Paul ChanaRobert Ludlum's The Borne Imperative is another compelling story with intuitively observed characters that he successful brought to life with alacrity and permanence in the mind of the reader. The dialogue is very engaging, and i also found the setting colorful.Bourne brings to mind Gavin in Triple Agent Double Cross. Overall, this is a well written work with a gripping plot, awesome characterization, beautiful dialogue and absorbing setting. In short it is an accomplished writing and a compelling read.

KurzbeschreibungJason Bourne is back in the forthcoming major motion picture starring Matt Damon and Alicia Vikander. Go back to where it all began for Bourne in his original adventures. 'Watch your back 007 - Bourne is out to get you' - Sunday TimesJason Bourne pulls a drowning man from a lake - a man not only freezing, but bleeding profusely from a gunshot wound. He wakes as an amnesiac, with no memory of who he is or why he was shot...an eerie reminder of Bourne's own past.Meanwhile, Mossad agent Rebekah is so determined to find this man that she's gone off the grid, cut her ties to her agency and risks a summary execution if caught by her former colleagues. And back in the US, a new agent has been recruited - but does he have a secret mission of his own?Everything turns on the mysterious amnesiac. Will Bourne learn his identity or will other, powerful forces get to him first?Pressestimmen"Thriller addicts who love intricate webs of conspiracy mixed with an adrenaline rush of action and global adventure will snap this one up."Library Journal on The Bourne Objective"Reading a Ludlum novel is like watching a James Bond film...slickly paced...all-consuming."Entertainment Weekly"As twisted, dark and exciting as the others."The Oklahoman on The Bourne SanctionPressestimmenThriller addicts who love intricate webs of conspiracy mixed with an adrenalin rush of action and global adventure will snap this one up."
