Plot and Excellent Action Sequences--One of the Better New Bournes Von Donald Mitchell "And he did evil, because he did not prepare his heart to seek the LORD." -- 2 Chronicles 12:14 (NKJV) Jason Bourne (aka David Webb) still can't remember very much as the book opens, but flashbacks help direct his steps anyway. More evil characters than you can shake a stick at are aiming at using or stopping Bourne to accomplish some power- or wealth-enhancing ploy. The more interesting parts of the character development show contrasts between highly trained operatives Bourne and Arkady as the two circle one another. How will the potential for violence between them be resolved? The book connects deeply into earlier plots. I would discourage anyone from starting their reading of the post-Ludlum Bourne books with this one. I thought that the book's ending was one of the more satisfying ones in the New Bournes. The best parts of the book for me were the action sequences. Mr. Lustbader does those well. I could easily imagine them occurring in front of me, and the fine action descriptions helped bring the book to life for me. The book's biggest weakness is that many of the villains don't seem to be real. They feel more like paper targets in a target range waiting for someone to score bulls-eyes on them. Arkady is the exception. His history and menace come across quite effectively.

Kurzbeschreibung Jason Bourne is back in the forthcoming major motion picture starring Matt Damon and Alicia Vikander. Go back to where it all began for Bourne in his original adventures. 'Watch your back 007 - Bourne is out to get you' - Sunday Times Readers were first introduced to Jason Bourne's nemesis Leonid Arkadin, a brilliant Russian assassin and fearless international mercenary, in THE BOURNE SANCTION. His girlfriend was killed during a fight for which an enraged Arkadin blames Bourne. In THE BOURNE DECEPTION, Arkadin hunted Bourne to take revenge and kill him. Bourne, in a fight for his life, learned that Arkadin's skills mirror Jason's because he received the same original CIA Treadstone training. Now, in THE BOURNE OBJECTIVE, Jason turns the tables and targets Arkadin. Hunter will become hunted. But revenge can cause great psychological devastation. Has this become too personal for Bourne? Will this hunt be Bourne's downfall? Pressestimmen "Don't ever begin a Ludlum novel if you have to go to work the next day."
