**Von K Webster : Rock Country (The Vegas Aces Series Book 1) (English Edition)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Rock Country (The Vegas Aces Series Book 1) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen0 von 0 Kunden fanden die folgende Rezension hilfreich. The dialogues ruin the story.Von Kindle-KundeI really liked the idea of the story but I have to admit I wanted to quit! It was an exhausting reading because the sound of the dialogues ruins the whole book. At first, the dialogues reminded

me of Jamie King's character Lemon Breeland in the TV series Hart of Dixie. She portrays a southern belle who speaks really courtly and I liked her. At the beginning, it is funny but with the course of story it gets annoying. Especially because ALL characters in K. Websters book speak like that and stopped me to connect with the story and the characters. The dialogues sound too artificial and outdated. Another problem is the characterization of Bobby. I dont have a problem with guys who show their emotions, tear up and cry on special occasions but Bobby cries a lot. In combination with the lack of emotional description the reader doesnt read about his emotional distress he seems like an unstable crybaby.

Kurzbeschreibung Bobby and June were the best of friends as kids. For two years they spent every waking moment together. And just as they started realizing they had potential to be more, Bobby was unexpectedly uprooted to Las Vegas. Fast forward fifteen years. Bobby is now a guitar hero of a very successful rock band. June is wasting away, working at a local diner, and married to an abusive man. Devastating events send Bobby back to Texas to deal with some unsettled issues. When he runs into June, shes all grown up. No longer that blonde haired, pig-tailed little girl now shes the Queen of the South with tanned legs, sexy curves, and more beauty than all the groupies combined. Problem is, June is a shell of her former self that is, until Bobby brings the spark back into her life. What happens when a typical bad boy rocker comes across a sad country song? Why, you get the sweet sound of Rock Country. \*\*\*No cliffhanger\*\*\* This book is for mature readers only. Can be read as a standalone.

ber den Autor und weitere Mitwirkende Im a thirty-two-year-old self-proclaimed book nerd. Married for nearly eleven years, my husband and I enjoy spending time with our two lovely children. Writing is a newly acquired fun hobby for me. In the past, Ive enjoyed the role as a reader. However, recently, I learned that I absolutely love taking on the creative role as the writer. Something about determining how the story will play out intrigues me to no end. My husband claims that its because I like to control things in a way, hes right! By day, I run around from appointment to appointment, wearing many hats including, mom, wife, part-time graphic designer, blogger, networker, social media stalker, student, business owner, and book boyfriend hunter. (Its actually a thing complete with pink camo. I lurk around the internet, researching pictures of hot guys who fit the profile of whatever book boyfriend Im reading or writing about) I guess you can blame my obsession with books on my lovely grandmother, who is quite possibly my favorite person on the planet. At an early age, she took me to the half-priced bookstore each weekend and allowed me to choose a book. Every single time, she caved when I begged for two. Without her encouragement, I wouldnt have been able to cope during some hard times without my beloved books. Currently, I am finishing up my college degree that has taken me forever to complete. Its just on the list of my many bucket-list goals that I subject myself to. Most days, you can find me firmly planted in front of my computer. Its my life. If the world ever loses power, Id be one of the first to die of boredom! But I guess as long as I have books and a light, I might just survive. Looking forward, you can expect to see two more novels in the Breaking the Rules Series. Im nearly finished with the third. Also, I have a standalone novel that will be released soon as well. This writing experience has been a blast, and Ive met some really fabulous people along the way. I hope my readers enjoy reading my stories as much as I do writing them. I look forward to connecting with you all!
