KurzbeschreibungA loner by choice and a renegade by nature.Rogue is living up to his name. Hes lived life on his own terms, doing everything from team-roping in college, Texas Hold em champion to founding his own company, Lone Wolf Oil.Everything hes accomplished has been in spite of Dusty Walker, a man who sired four sons by four women none of them his wife. Rogue might be following in his fathers footsteps, but he is nothing like his father.And he never will be if he can help it.When he flies to Kansas for the reading of Dustys will, three brothers and a quarter interest in a half-billion dollar business arent all he findsRogue feels like hes been hit by a tornado after he walks into a room and finds a woman in his bed. Not just any woman, eitherThe last time he saw Kit Ross, she was racing off in her truck leaving him naked and hard by the side of the road. Of course, he deserved it; hed hurt her. To say she wasnt happy to see him was an understatement. And when he wins her ranch with a good poker hand, the game is on.Its not just poker thats being played. They cant keep their hands off one another. Rogue doesnt know if he has room in his life for family and love. He doesnt know if he can be trusted with peoples hearts and happiness. What if hes more like Dusty Walker than he ever knew?The Sons of Dusty Walker. Four brothers one tainted legacy and a wild, wild ride.KurzbeschreibungA loner by choice and a renegade by nature.Rogue is living up to his name.
