Story Idea, can't wait to read the next book in the series Von Marina A very interesting concept and a storyline I haven't read before. The first book is an interesting start into the series and definitely makes you want to grab the second one right away to discover more about the characters.

Kurzbeschreibung In this romantic paranormal erotic fiction book, the story opens with recently divorced Rachel pursuing the true love of her life, a wild rocker named Richie. She is both ecstatic and terrified when Richie invites her to the beach for a party. But, she forces herself to go and when she sees Richie spurn her in favor of another gorgeous woman, she resents him for it. Further complications arise when Richie drowns, and Rachel feels awful for what she wished for. But, despite searching, they cannot find the body. That night, Rachel returns to the beach and a mysterious guy appears and tells her that he 'did it for her'... Is Rachel in danger? What did the mysterious guy do exactly And, what exactly is it that he wants from Rachel? WARNING: This story is hot and contains explicit scenes of a sexual nature and leaves little to the imagination. This ebook is for adult (18+) eyes only!
