Von Alex Lukeman : The Seventh Pillar (The Project Book 3) (English Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Seventh Pillar (The Project Book 3) (English Edition):

KundenrezensionenHilfreichste Kundenrezensionen1 von 1 Kunden fanden die folgende Rezension hilfreich. Nail-biting action!Von mountainmamaWith half his normal team out of commission, Stephanie and Nick team up with Selena, the rookie, to track down the group behind recent political murders. A strange symbol left on the victims leads them to a secret group of assassins and a fanatic terrorist who believes he has found the "sign" directing him to set off

the End of Days, starting with the infidels in New York. From Washington to Timbuktu, from the brutal African desert to the frozen mountains of the Hindu Kush, the team races to uncover the truth in time to save the world from an apocalyptic religious war. Although this is the third in "The Project" series, it reads perfectly well as a stand-alone story. Full of action, adventure, thrills, and chills - it's a real edge-of-your-seat read. Mr. Lukeman has done an excellent job in weaving all the details into a spine-tingling account. You can tell the facts were well-researched, and described perfectly. It's well-written, fast paced, and superbly edited. What a ride - I can't wait to read the rest of his books!
