Congratulations are in order! Von Q.BJAs a long time fan of Zane's work, and an AOL buddy, I knew I was going to have a quality read. I received the book in December, and have suggested to my closest friends and female family members to pick it up. It is important for women (especially women of color), to have a release. We have so many

hangs up about life in general, let alone our sexual life. Zane's book provided us, (her readers) with a WIDE range of characters who had very unique personalities. It was almost as if the girl had multiple personalities when she wrote it. (just kidding) I will be suggesting this book to my male friends next. I am going to buy a couple copies for my wedding shower. What better way to get the girls talking about thoughts and experiences that are so natural? You tell me. Love Ya Zane. Keep up the good work Peace, Love, Blessings of Good Health 2U2 von 2 Kunden fanden die folgende Rezension hilfreich. Bedtime Inspirational Von Ein Kunde This is definitely not a book for everyone ! In fact I would say it is for the matured adult and if you are easy to offend this is not the book for you ! Some of the characters can be realistic and sometime you will even be amazed at what they do ! Yes ! I will say Zane is a very talented author that leaves nothing to the imagination ! Reading this book has opened my eyes to somethings that I could never have imagined ! This is a collection of short stories not to be read at any time ! I found myself saving this books for bedtime reading ! It made me certainly appreciate being married ! I needed a highlighter and a pen while reading this book ! While I could only read one story at a time ,I use the highlighter to highlight the stories on the contents page showing I have read it ! I used the pen to put a *for the stories I will read again ! I have not found many African American Erotica authors and I can see why ! Zane you are at the top ! You go girl ! If you think you can handle the challenge do so It has taken me 4 months to read this book ! No it was not a bad read in the since you might think ! It was a HOT one ! I will put the caution sign up againcan be explicit no, will be expliciting told !1 von 1 Kunden fanden die folgende Rezension hilfreich. Erotica, Tastefully Done Von Will White I have been one of those fortunate to catch some of Zane's stories on the web. This body of work however, The Sex Chronicles, by far surpasses anything I've read from her to date. It is def. much wilder and delivers on its promise of being "of da hook." Not only that, but in mostly all of the stories, she paints a picture so vivid, that you could actually get consumed into the story, feeling you are actually a part of the action. I was also impressed with the realism of the stories, being able to identify because I've either been involved in similar situations, or knew of someone who was. I can't leave without commenting on the other promise that this book fulfills- "Shattering the Myths." After reading I can say that my personal myths were shattered about the sensuality of women. Reading these stories brought forth an understanding that women are every bit the sexual beings we are, if only a little different. Excellent work. Zane. Erotica, tastefully Done.

Kurzbeschreibung From a bold and captivating voice comes a collection of stories that probes women's darkest passions and pushes the boundaries of erotic fiction. Sometimes romantic, sometimes raw, Zane appeals to men and women alike with these tales of intoxicating sensuality. THE Sex CHRONICLES SHATTERING THE MYTH Anyone who thinks that men are by nature more sexual than women or that African-American women are especially inhibited hasn't read Zane. Here, she presents an erotic read in three parts: Wild, Wilder, and Off Da Damn Hook. With a unique ability to tell it like it is -- and also to tell it like it could be in your wildest dreams -- Zane crafts stories about everyone from the sensual housewife who wants her husband to experiment more to a secret underground sorority of women that organizes some rather unconventional social events. By turns tender and outrageous, The Sex Chronicles is a pleasure from beginning to end.
