Fantastic novel by a fantastic comedian Von German Comedian A great novel, with a protagonist who is a real show business man: a comedian, a writer, an actor, a regular visitor of sex-and-drug orgies and somebody who ends up in a big TV production: stuck inside a crazy costume. Sounds to crazy to be true? Well, not if you've heard of the author: Dave Thompson is known as a great comedian, a brilliant comedy writer and - of course - as the actor who was Tinky Winky from the Teletubbies. So is this an autobiography? No, it's a novel, but it's most probably inspired by his own

life. The story is exciting, funny, full of sex drugs and comedy and has many very surprising twists and turns. But most importantly it is just very well written and makes you want to read it all in one go. I've given it to quite a few friends as a present. They all loved it. Though they told me - because of the title - they didn't dare to read it on the bus to work.
