Archeology digs in yet another mystery. Von Nadine Having recently read Hillerman's *Hunting Badger*, and *Thunder Horse*, by Peter Bowen, I realized that archeology is figuring in more mysteries than those of Elizabeth Peters in her popular *Amelia Peabody* series. I have read all the novels in this series, and have enjoyed them, but this is the best so far, with more emphasis on Charlie Moon and aunt Daisy Perika, who survives peacefully between two worlds. I found this to be an excellent and enjoyable read. I also enjoyed the antics of the two little girls. I recommend it highly.

Kurzbeschreibung For tribes of the American Southwest, the annual Sun Dance is among the most solemn and sacred of rituals. But lately Death has been an uninvited guest at the hallowed rite. Ute tribal policeman Charlie Moon is puzzled. The deceased Sun Dancers sustained no visible, life-ending injuries, so he is reluctant to call it murder -- though there is surely nothing "natural" about the sudden, inexplicable deaths of two strong and healthy men. Unlike her skeptical nephew, however, Charlie's aunt, shaman Daisy Perika, trusts the signs the spirits have sent her of a great evil in their midst. And Moon's matukach friend, Police Chief Scott Parris, believes the stubborn, good-natured Ute lawman should look beyond the rational for answers. Yet Charlie Moon knows too well that hatred, bitterness, and delusion are often behind lethal acts -- and he hopes these very human failings will reveal to him a killer. But now a beautiful childhood friend has stepped into harm's way and time is running out. For death is on the prowl once more -- and it will surely darken the Sun Dance again. *Pressestimmen* "Spellbinding . . . captivating. . . exceptional". -- Publishers Weekly
