Kurzbeschreibung Yulian Volkov is an entrepreneur and lone werewolf who hates the city. At a pack meeting, he learns the only member hes attracted to is being expelled for crimes unspecified. Yulian strikes a deal with the pack leader to allow Rolly Witten to live on his farm and work in his Meadery. Although enjoying handsome Rollys company, Yulian must tread carefully, since Rolly doesnt trust him and the pack doesnt acknowledge homosexuality exists. Meanwhile, Yulian stealthily courts Rolly by teaching him the value of his wolf side. Rolly, whos known he was gay since he was a teen, has accepted a life of solitude and a life of crime. He has no desire to relocate. Yet Yulians trust in his ability to do honest work builds his confidence. As life is settling well for them, Rolly learns a friend from his old pack had a crush on him, and hes torn between returning his friends feelings or pursuing the budding relationship with Yulian. But thats not their worst problem. Assassins are trying to take out both wolves, and they need to figure out who wants them dead or all the trust and happiness theyre building together wont matter.
