Von Sharon Kendrick : The Sheikh's Virgin Stable-Girl (The Royal House of Karedes, Book 7) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Sheikh's Virgin Stable-Girl (The Royal House of Karedes, Book 7):

KundenrezensionenHilfreichste Kundenrezensionen2 von 2 Kunden fanden die folgende Rezension hilfreich. Unusual and well-writtenVon S. FischerAs a prince of a desert kingdom, Kaliq has grown up having absolute power over others and having to deal with constant threats to his and his family's life, as well as people who are only interested in his wealth and power. As a result, he is arrogant, cold and very distanced. When he wins a fine race horse in a poker game, the owner's daughter, Eleni, is devastated. She was the one who always took care of the horse and it was the only creature she cared about after her mother's death. When her abusive father loses the horse, she can convince Kaliq that it's in his interest, to take the poor, lower-class girl and let her work in his stable. But once cleaned up, she is quite attractive and he decides to have an affair with her. Both know that their social backgrounds are too different for a lasting relationship and Kaliq's arrogance and unconscious fear of being close to anyone make things even more difficult. But Eleni's pride and courage surprise him time and again and he soon finds that he wants far more than a short affair...Anyone who thinks about buying this book should first know that it is very far from politically correct and it doesn't follow the formula that no matter what time or place a romance is set in, the hero is a nice modern man who treats women as equals. The characters are products of a strictly hierarchical society and they come from opposite ends of that spectrum. He is often unpleasant and arrogant, which becomes very clear since his - often chauvinistic and egoistic - point of view is sometimes used to show how he sees things. I found this very interesting, convincing, and much better than those novels where the worst conflict is a minor misunderstanding between the protagonists. I enjoyed the depth of the characters and the seriousness of the problems they had to overcome and would recommend the book to anyone who is open-minded to romance that isn't just sweet and nice. This is a really good book with interesting characters, a good story and a well-developed cultural background. Congratulations to the author, who dared to write something unusual!

KurzbeschreibungThe Royal House of KaredesBook 1 in the fantastic Royal House of Karedes Series AND the full Royal House of Karedes Collection are available for a special price for a limited time only!Polo-playing Sheikh Prince Kaliq AlFarisi loves his women as much as his horses.Theyre wild, willing and hes their master!
