Von Barbara Hambly : The Silent Tower (Windrose Chronicles series) before purchasing it in order to gage whether or not it would be worth my time, and all praised The Silent Tower (Windrose Chronicles series):

Kurzbeschreibung Magic and technology collide in the first of bestselling author Barbara Hambly's Windrose Chronicles. In a world where wizards are relegated to ghettos, it is no surprise to see one murdered in the street. But for Stonne Caris, a young warrior monk who sees the killing and gives chase to the culprit, there is nothing ordinary about seeing a murderer disappear into a black, inky portal. The Archmage sends him in search of Antryg Windrose, a half-mad mage who understands the nature of these passages between dimensions. On the other side of the Void is Joanna, a programmer as mild as Caris is deadly. She has spent her life in cubicles, staring into computer terminals, as far from heroism as she can get. But when the power that is crossing between dimensions draws her through the Void, she finds herself battling to save a world she never even knew existed. With intricate worldbuilding and complex plot twists, *The Silent Tower* is a compelling introduction to one of this generation's greatest female fantasy writers. This ebook features an illustrated biography of Barbara Hambly, including rare photos and never-before-seen documents from the author's personal collection.
